Dear Chairman Bedwick and Regularory Review Commision Members

I am contacting you to voice my support for the regulation, implementing the naturopathic doctors registration act regulation number 16 a – 4953 registration of naturopathic doctors.

This regulation will allow naturopathic doctors of Pennsylvania to work with patients who can be assured of a naturopathic doctors, training, background and proper regulation. This final form regulation also contains language that correctly distinguishes naturopathic doctors from others. Various lay practitioners in the commonwealth. This was accomplished by the Pennsylvania State Board of medicine, voting to strike section 18 point, 907 parentheses B of the regulation which the Pennsylvania association of naturopathic physicians has been supportive of.

Thank you for your consideration,

Rosemary Frain
