Dear Commission:

IRRC # 3324
Agency # 16A
ID# 4953

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their education and training from an accredited naturopathic medical college by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents their Naturopathic Doctor with the N.D. title has the competencies to practice in PA.

I've been seeing a naturopath since 2014 and has helped me immensely with issues that regular MD's could not. I now have a naturopathic oncologist as well that offers me an integrative holistic treatment of breast cancer. I was diagnosed with early stage cancer in 2020 at the age of 41. These doctors work in conjunction with my medical oncologist and surgeon to provide me a comprehensive health care plan in preventing cancer recurrence. So many people could benefit from adding a naturopath into their routine healthcare.

Sincerely,

Diana Meunier
