Dear Commission:

IRRC # 3324
Agency # 16A

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their education and training from an accredited naturopathic medical college by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents their Naturopathic Doctor with the N.D. title has the competencies to practice in PA.

I have had many medical conditions reversed by seeing a ND as well as an MD. The ND's I have seen are very well trained and have a vast array of knowledge to add to the care and treatment of disease. They have been able to work well along side my MD to enable me to recover my health.

Please support this measure to register ND's in PA. Many residents will be able to once again find better improved health and well being as a result.

Sincerely,

Tacey Funk
