Dear Commission:

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their education and training from an accredited naturopathic medical college by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents their Naturopathic Doctor with the N.D. title has the competencies to practice in PA.

Personally, I've been helped numerous times by an ND whereby I was able to stay healthy after discovering a genetic mutation. I was able to avoid several types of cancers by utilizing hormone balancing and supplementation after having prophylactic surgeries to reduce my risk. These natural supplements have provided me with a better quality of life and reduced side effects. I'm thankful to my ND for guiding me in the selection of the right supplements in the correct dosages.

Sincerely,

Donna Ennis
