Dear Commission:

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their education and training from an accredited naturopathic medical college by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents their Naturopathic Doctor with the N.D. title has the competencies to practice in PA.

I have been seeing Natural Path Doctors for at least 6 years now. My whole family goes and I cannot tell you how life changing this has been. I know longer have inflammation and need to go to the chiroprater, I am off all my prescriptions, my cholesterol is now normal, and don't have the aches and pains I had in the past.

I grew up in a family of pharmacists, and had a successful business in healthcare. I understand the role that pharmaceuticals have in healthcare, but honestly so many dollars could be saved in healthcare if people had access and care from Naturopathic Doctors.

Sincerely,

Todd Cressler
