Dear Commission:

I fully support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors distinguishes them as having education and training from an accredited naturopathic medical college by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents their Naturopathic Doctor with the N.D. title has the competencies to practice in PA.

I have been seeing a Naturopathic Doctor for almost ten years and have been well pleased with her recommendations and treatment. I never cease to be impressed by her knowledge and expertise. She listens to my physical complaints and spends time exploring possible route causes before making recommendations, never insisting that there is only one path to healing. I feel extremely fortunate to have a naturopath who guides me on my ongoing journey toward health and wholeness in conjunction with standard medical practice.

Sincerely,

June Bricker
