TO WHOM IT MAY CONCERN

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their education and training from an accredited naturopathic medical college by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents their Naturopathic Doctor with the N.D. title has the competencies to practice in PA.

I come from an entire family that is highly allergic to many drugs and environmental triggers. For more than 40 years I have needed sound guidance regarding various options for both treatment and prevention. I have received good advice to date.

I think it is vital to register all Naturopathic Doctors Pa to protect everyone in a good way and maintain rational standards that are clearly identified and followed.

Please pass this legislation.

Sincerely
Margaret Kelly

Sincerely,
