To whom it may concern:

Naturopathic medicine has positively impacted my health in numerous ways. My mental health #1. My Nutritional health has been well Guided and Amplified. I have lost 20 lbs and am getting sick less frequently.

Having an alternative to conventional medical care, F.I.S the Gap by offering Preventative Nutritional and Natural Forms of medicine. Physical therapy is a Naturopathic Form of medicine that is recognized as Conventional Form of Medical care.

Naturopathic care is important to PA, because it allows for more localized and small business ~~types~~ types of care.
