Re: Annex 16A-4953 chapter 18
Naturopathic Doctors

Ms. Shana Walter,

I have been practicing in the State of Pennsylvania as a traditional Doctor of Naturopathy now for some 20 plus years. I have help many people and never caused harm to anyone. The way the Naturopathic proposed bill is being written I believe it will affect all traditional Naturopaths in the State. It is Important that we retain the use of our degree as a Doctor of Naturopathy and the use of our degree as ND. I would appreciate it if the bill would be clear enough as to not exclude us from our title and degree. The way the proposed bill is written is very vague, and may be used to exclude us with our title and degree. I believe that this is not a conflict to the other Naturopathic group, which the bill has been written.
