Dear Commission:

IRRC # 3324
Agency # 16A
ID# 4953

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their national standards for education and training from federally accredited naturopathic medical colleges by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents that their Naturopathic Doctor's title, with the N.D. designation, has the competencies of graduate naturopathic medical education and training in order to practice in PA.

*****Share your personal story here about the value of naturopathic medicine ***** I am sooo blessed to have found my ND..

I suffered with joint disease in hands and feet for two years. I had seen several MD,s with no relief with the meds I was given. I could not even open a jar lid.

After seeing a ND and implementing supplements and Eliminating foods I had been eating all my life my issues were resolved in approximately 6-8 weeks.

It has been four years and I'm doing very well using the protocol and supplements.

I have many friends and relatives I have referred to my ND and all have had excellent results.

Thank you!

Sincerely,

Karen Girton
