Hi,

I understand that a bill for the registration of Naturopathic Doctors is being reviewed and is open for public comment.

I am writing to offer my support for the registration of Naturopathic doctors. My Naturopathic Doctor has helped me in a variety of ways since I started seeing her 3 years ago. She treats the whole person, taking into consideration not only my medical conditions, but my overall well being; mind, body and spirit. She also has an amazing knowledge of nutrition and lifestyle choices that affect my wellbeing. Naturopathic doctors' aim is to heal the root causes of an illness, not just stop the symptoms. Therefore, I support the signing of this bill.
