Title: Registration of Naturopathic Doctors

IRRC #: 3324

Agency #: 16A

ID#: 4953

Name: Paige LeValley

Home address: 419 Tasker Ave Folsom, PA 19033

I support registration of Naturopathic doctors because Naturopathic doctors (N.D.) go through extensive training for their right to be called a doctor and deserve the respect and designation afforded to traditional medicinal doctors through a required registration process. This helps to eliminate frauds in the field so that the best care is provided to those who seek out N.D.s for their healthcare needs. To me, naturopathic medicine has provided me the support I needed in various healthcare challenges including treatment of vestibular migraines and constant fatigue and anxiety, while supporting whole body health. My work with N.D.s has led to better overall health and the treatment of a condition that could not be addressed with traditional medicine alone.

Sincerely,

Paige LeValley
