Title: Registration of Naturopathic Doctors

I support registration of Naturopathic doctors because:

Naturopathic medicine (specifically naturopathic oncology) helped me to weather the side effects of chemo therapy, radiation, and surgery during my pancreatic cancer treatment. I believe that because of that aid, I was able to complete a very difficult chemo regimen and fast healing after my whipple surgery. I am happy to report that I am going strong at 20 months with no signs of recurrence.
