Dear Commission:

IRRC # 3324

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their national standards for education and training from federally accredited naturopathic medical colleges by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents that their Naturopathic Doctor's title, with the N.D. designation, has the competencies of graduate naturopathic medical education and training in order to practice in PA.

***naturopathic medicine has played a huge role in the care of my patients with developmental challenges and in my pursuit for holistic wellness for myself and my family. We have greatly benefited from supplements, holistic wellness practices and doctors who are well versed in how to prevent problems instead of treating them after the fact. ***

Sincerely,

Jonathan Druce
