RECEIVED  
IRRC  
2021 DEC 23 A.C.

\*\*\*Below build your own message based on our templates\*\*\*\*\* Types of comments we ask for:

Prompts for letters/comments from ND's in PA:

[Whole hearted support] - for the regulation of Naturopathic Doctors in PA so that consumers can have expertise from ND's who are medically trained providers in integrative medicine.

[Talk about how regulation will benefit you - be specific ex. I can now carry malpractice insurance, I can now be able to be a safer practitioner, consumers will be able to feel reassured that their ND has been medically trained by a federally accredited 4 year naturopathic medical school and has taken board exams.]

Prompts for letters/comments from patients:

[Tell a brief story about how naturopathic medicine has positively impacted your health] [Tell how and why seeing a naturopathic doctor fills an important gap in your existing conventional medical care.] [Tell why ND care is important for consumers in PA - so that you can trust the provider has been well educated and trained, so that you can feel protected as a consumer knowing there is a system of oversight in place, because ND's are doctors who spend time to help you know which natural therapies and modalities are safe and which are not safe.] Prompts for letters/comments from medical colleagues:

[Tell why you believe regulation of ND's will help your patients in PA] [Describe why ND's are needed in patient care] [Give a specific example of how an ND helped a patient you were working with]

Sincerely,

Nicole Kosh
