Dear Chairman McGinley:

Enclosed please find my comments submitted on behalf of the Democratic Members of the House Aging and Youth Committee regarding the proposed Chapter 3800 regulations for Child Residential and Day Treatment Facilities that were published in the Pennsylvania Bulletin on February 14, 1998.

I appreciate the attention that the commission is giving these regulations and the comments that have been submitted. I look forward to working with the department, commission, and interested parties to address the concerns raised by the proposed regulations.

Sincerely,
