**Re: IRRC Regulation Number 30-49 (#1954)
Pennsylvania Emergency Management Agency
Radiation Emergency Response Fund**

Dear Mr. Wynne:

The Independent Regulatory Review Commission received the referenced regulation on November 16, 1998. The committees were unable to complete their review prior to the end of the legislative session. Section 5.1 (f) of the Regulatory Review Act provides the following:

- Review period resumes upon resubmission of the regulation to the committees and the Commission;
- Resubmission must be made after the committees have been designated in the new legislative session, but no later than the second Monday after the date by which both committee designations have been published in the *Pennsylvania Bulletin*.
- Failure to resubmit by this deadline is deemed withdrawal of the regulation.

If you resubmit the regulation, it will be scheduled for review at a Commission public meeting following the committee review period. We will notify you by letter of the date and time. If you or your staff have any questions, please call John Jewett at 783-5475.

Sincerely,

A handwritten signature in black ink that reads "Robert E. Nyce".

**Robert E. Nyce
