Regulation No. 7-336
Environmental Quality Board
Residual Waste

On July 29, 1998, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Environmental Quality Board. This rulemaking amends 25 Pa. Code Chapters 250, 287, 288, 289, 291, 293, 295, 297 and 299. The proposed regulation was published in the August 15, 1998 *Pennsylvania Bulletin* with a 60-day public comment period. The final-form regulation was submitted to the Commission on September 20, 2000.

This regulation amends requirements for handling, transportation and disposal of residual waste. Residual waste is any garbage, refuse or other discarded material resulting from industrial, mining, and agricultural operations.

We have determined this regulation is consistent with the statutory authority of the Environmental Quality Board (35 P.S. § 6018.101) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

BY ORDER OF THE COMMISSION:

This regulation is approved.

Alvin C. Bush, Vice Chairman
