Re: Proposed Rulemaking
State Horse Racing Commission #34-63
58 Pa. Code, Chapters 163 and 165

Dear Mr. Nyce:

Members of the Senate State Government Committee have been accorded the opportunity to review and comment upon Proposed Regulations from the Pennsylvania Department of Agriculture, State Horse Racing Commission which would amend 58 Pa. Code relating to the rules of racing.

Please be advised that, as of this date, I have received one letter from Senator Robert Thompson, Vice Chairman of the Senate State Government Committee, in response to this proposed regulation. I enclose a copy of the letter submitted by Senator Thompson and would ask that his comments be given all due consideration.

If you have any questions regarding these proposed regulations and the Committee review, please do not hesitate to contact Cynthia Thurston of my staff at 787-7428.

Sincerely,
