Dear Sir:

This letter is to state that we fully approve Regulatory # 59-6, the posting of the Puppy Lemon Law notices in all pet stores. This is a very necessary posting in order to inform the public of their rights under the law. Many stores are not informing their customers of this right, and indeed are keeping this information hidden from them in order to increase their profits. The posting of this notice may be the only way in order to inform the public that they indeed have any rights at all and what recourse they may take when they are sold a sick, diseased or genetically defective puppy.

Thank you for your kind consideration in this matter.

Sincerely,

*Kae, Smith*
