Independent Regulatory Review Commission

Harrisburg, PA 17101

Dear Chairman McGinley:

Please be advised that on May 11, 1999, the House Professional Licensure Committee held a meeting to review Regulation 16A-477, which was submitted by the State Board for Professional Engineers, Land Surveyors and Geologists as proposed rulemaking.

The Committee voted to take no formal action until final-form regulations are promulgated. However, the Committee is requesting additional information as to the category of "certification of license, registration, permit, or scores." The Committee is questioning under what circumstances the Board would "certify" an examination score. In the fee report form, the explanations as to what functions the Board staff performs for certification and verification are identical. The Committee requests an explanation as to the distinction between these two categories and what accounts for the differential in fees.

Please feel free to contact my office if any questions should arise.

Sincerely,

A handwritten signature in cursive script that reads "Mario J. Civera".

House Professional Licensure Committee
