Robert Nyce, Executive Director
Independent Regulatory Review Commission
14th Floor, Harristown 2
333 Market St.
Harrisburg, PA 17101

Dear Mr. Nyce: *Bob*

I would like to take this opportunity to express my concerns about the proposed regulatory changes regarding the Pennsylvania Head Injury Program (PHIP).

The Head Injury Program has done a great deal to assist individuals who have suffered head trauma through the rehabilitation process. James Williams, Jr. of MECA United Cerebral Palsy, a wonderful organization in my district which serves people with mental and physical challenges, contacted me with concerns about the proposed regulation changes for PHIP. Enclosed you will find a letter from Mr. Williams stating his concerns. Please give serious consideration to the valuable points included in this correspondence.

Thank you for your consideration to this matter. Please contact my office if you would like to discuss this issue further.

Sincerely,

A handwritten signature in cursive script that reads "Linda".
