(20a) Explain how the cost estimates listed above were derived.

Generally, this regulation will have no impact on revenue. Rather, it clarifies the Department's policy on the taxation of items dispensed from a vending machine. However, the change in policy required by the Commonwealth Court decision in <u>CRH Catering Co., Inc. v. Com.</u>, 539 A.2d 38 (Pa. Cmwlth. 1988) has had a negative impact on revenue. The policy has been in effect since the 1988-89 fiscal year. The fiscal impact of the change in policy was estimated to be about \$0.4 million for fiscal year 1998-99.

The regulation also sets for the Department's interpretation of Act 45-1998 which amended section 204(29) of the TRC (72 P.S. § 7204(29)) relating to sales tax on sales from vending machines. This amendment is estimated to reduce the fiscal year 1999-00 (the first full year of revenue loss) General Fund by \$15.4 million.

NOTICE OF PROPOSED RULEMAKING

DEPARTMENT OF REVENUE

61 Pa. Code § 31.28

Sales and Use Tax

Vending Machines

#### PREAMBLE

The Department of Revenue (Department), under authority contained in section 270 of the Tax Reform Code of 1971 (TRC) (72 P.S. § 7270), proposes an amendment to 61 Pa. Code, Chapter 31. Imposition, section 31.28, (relating to vending machines and automatic sales devices) to read as set forth in Annex A.

#### Purpose of Regulation

- Prior to October 1, 1991, § 31.28 provided that the sale of food and beverages and taxable tangible personal property from a vending machine was taxable; however, the sale of candy and gum from a vending machine was exempt.
- With the enactment of Act 22-1991, effective October 1, 1991, vending machines were considered to be eating establishments and the sale of food and beverages and taxable tangible personal property from a vending machine was taxable; however, the sale of candy and gum from a vending machine was exempt.
- With Act 40-1991, effective January 1, 1992, the term "vending machine" was removed from the definition of eating establishment; however, the law provided that sales from vending machines continued to be taxed as they were prior to October 1, 1991, therefore the provisions of § 31.28 continued in effect.
- With this proposal, the regulation in effect prior to October 1, 1991, is withdrawn and replaced with a new regulation. With Act 45-1998, imposition of tax will only be on items that are considered taxable when sold from other non-eating establishments. Vending machines are added to the list of establishments which are not considered to be establishments from which food or beverages ready to eat are sold. vending machine does not qualify as an eating establishment, only the sale of selected food and beverage items set forth in section 204(29) of the TRC (72 P.S. § 7204(29)) are taxable when sold from a vending machine. Taxable tangible personal property, other than food and beverages, is also subject to tax when sold from a vending machine. The sale of candy and gum from a vending machine continues to be exempt.

#### Explanation of Regulatory Requirements

This regulation proposes to delete the current provisions of subsections (a) - (e) of § 31.28. Proposed subsection (a) defines "Juice beverage," "Meal," "Operator," "Selected food and beverage items," "Soft drink" and "Vending machine" for purposes of this

15-408

section. Proposed subsection (b) relating to registration provides that an operator who sells taxable tangible personal property or selected food and beverage items through a vending machine is required to obtain a sales, use and hotel occupancy tax license for the purposes of collecting and remitting tax to the Department.

Proposed subsection (c) requires that a sign or sticker stating the name and address of the operator be conspicuously displayed on the vending machine. Proposed subsection (d) explains the scope of taxation for the sale of tangible personal property and food or beverages from a vending machine.

Proposed subsection (e) provides that the sale of selected food and beverage items dispensed by means of a vending machine located on the premises of a school or church are exempt from tax provided the sales are made in the ordinary course of the activities of the school or church. The sale of tangible personal property other than food or beverages, dispensed by means of a vending machine located on the premises of a school or church, is subject to tax.

Proposed subsection (f) provides that sales tax collected by the operator upon taxable property, including selected food and beverage items, shall be reported and remitted to the Department. The current subsection (f) is relettered as subsection (g) and is amended to clarify the taxability of the purchase or lease of vending equipment and supplies.

#### Affected Parties

The regulation may affect vending machine operators.

#### Fiscal Impact

The Department has determined that the proposed amendment will have no fiscal impact on the Commonwealth. Rather, it clarifies the Department's policy on the taxation of items dispensed from a vending machine.

However, the change in policy required by the Commonwealth Court decision in <u>CRH Catering Co., Inc., v. Com.</u>, 539 A.2d 38 (Pa. Cmwlth. 1988) has had a negative impact on revenue. The policy has been in effect since the 1988-89 fiscal year. The fiscal impact of the change in policy was estimated to be about \$0.4 million for fiscal year 1998-99.

The regulation also sets forth the Department's interpretation of Act 45-1998 which amended section 204(29) of the TRC (72 P.S. § 7204(29)) relating to sales tax on sales from vending machines. This amendment is estimated to reduce the fiscal year 1999-00 (the first full year of revenue loss) General Fund by \$15.4 million.

#### Paperwork

The proposed amendment will not require additional paperwork for the public or the Commonwealth.

#### Effectiveness/Sunset Date

The regulation will become effective upon final publication in the <u>Pennsylvania Bulletin</u>. The regulation is scheduled for review within five years of final publication. No sunset date has been assigned.

#### Contact Person

Interested persons are invited to submit in writing any comments, suggestions, or objections regarding the proposed amendment to Anita M. Doucette, Office of Chief Counsel, PA Department of Revenue, Dept. 281061, Harrisburg, Pennsylvania 17128-1061, within thirty (30) days after the date of the publication of this notice in the Pennsylvania Bulletin.

#### Regulatory Review

If IRRC has objections to any portion of the proposed amendment, it will notify the Department within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria which have not been met by that

portion. The Regulatory Review Act specifies detailed procedures for review of objections raised, prior to final publication of the regulation, by the Department, the General Assembly and the Governor.

#### Example:

"A" operates a vending machine from which milk, coffee and crackers are sold. "A" removes \$100.00 from the machine representing the following sales: milk-\$50.00, coffee-\$25.00 and crackers-\$25.00. Coffee is a selected food and beverage item.

Milk and crackers are not. "A" remits tax in the amount of \$1.42 calculated as follows: (\$25.00 ÷ 1.06) x .06 = \$1.42.
