Regulation No. 60-2

BY ORDER OF THE COMMISSION

On August 13, 1999, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Pennsylvania Turnpike Commission (PTC). This rulemaking amends 67 Pa. Code Chapter 601. The authority for this regulation is 36 P.S. §§ 651.7 and 652d and 75 Pa. C.S.A. § 6110. The proposed regulation was published in the September 25, 1999 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on April 20, 2000.

This regulation makes several substantive and editorial changes to the PTC's existing regulations. The PTC believes that all the customers that use the Turnpike will benefit from an increase in the overall safety and free flow of traffic on the Turnpike.

This regulation meets the criteria of the Regulatory Review Act.

THEREFORE, IT IS ORDERED THAT:

1. Regulation No. 60-2 from the Pennsylvania Turnpike Commission, as submitted to the Commission on April 20, 2000, is approved; and
2. The Commission will transmit a copy of this Order to the Legislative Reference Bureau.
