Re: Regulation #16A-422 (#2071)
Fees, State Board of Barber
Examiners

Dear John:

The barber schools in our association strongly object to the increase in the Barber License School fee if the increase is needed for the Board to meet for one-half hour to vote on applications.

The rationale is confusing. Is this one-half hour at a regular Board meeting? Is it a special meeting? How long does it take to vote on an application if everything is in order?

This increase did not make sense to our member barber schools and they did not understand why it is needed by the Board.

Thank you for soliciting our input into this issue.

Sincerely,

Richard Dumaesq, Ed.D.
Executive Director
