Regulation No. 2-119
Department of Agriculture
Farm Safety and Occupational
Health Grant Program

On January 31, 2000, the Independent Regulatory Review Commission (Commission) received this proposed regulation from the Department of Agriculture (Department). This rulemaking adds Chapter 138k to 7 Pa. Code. The proposed regulation was published in the February 12, 2000 *Pennsylvania Bulletin* with a 30-day public comment period. The final-form regulation was submitted to the Commission on January 24, 2001.

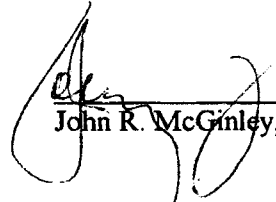

This regulation is a grant program for statewide farm organizations, volunteer fire companies, ambulance services and rescue squads. These groups may apply for annual grants, up to \$2,500, for offering education or training programs related to farm safety, occupational health or response to emergencies and accidents related to farms or agriculture.

We have determined this regulation is consistent with the statutory authority of the Department (3 P.S. §§ 1905 and 1906(c)(2)) and the intention of the General Assembly. Having considered all of the other criteria of the Regulatory Review Act, we find promulgation of this regulation is in the public interest.

BY ORDER OF THE COMMISSION:

This regulation is approved.

John R. McGinley, Jr., Chairman
