RE: Typo in Regulation #16-22 (IRRC #2100)
Campaign Finance Forms

cc: Gary Hoffman, Legislative Reference Bureau
David DeVries, Office of Attorney General

During our review of the above regulation, we found a typographical error in Sections 177.1(f) and 177.2(a). Specifically, the phrase "County Board of Elections" should appear in all lower case letters instead of initial capital letters. That would establish consistency with the change made in that phrase in Section 176.8 of the final-form regulation.

When you submit the regulation to the LRB, please ask them to make this change.
