Dear Chairman McGinley:

I am writing to inform you that the House Professional Licensure Committee held a meeting on October 23, 2001, and voted to approve Regulation 16A-644, State Board of Auctioneer Examiners; Regulation 16A-674, State Board of Occupational Therapy Education and Licensure; and Regulation 16A-5711, State Board of Veterinary Medicine.

The Committee voted to take no formal action on Regulation 16A-639, State Board of Psychology.

In addition, the Committee voted to take no formal action on Regulation 16A-4912, State Board of Medicine, until final form regulations are promulgated. However, the Committee submits the following comments:

1. The Committee requests clarification as to which non-physician health care providers the proposed regulations are directed. In explaining the provisions of proposed sections 18.401(a)(3) and (4), the Board states that a medical doctor can determine if a delegee is competent to perform a delegated procedure by determining whether or not the delegee is licensed or certified. If a health care provider is licensed or certified to perform a procedure, why would a delegation by a physician to perform the procedure be necessary?
2. The Committee requests clarification of proposed Sec. 18.401(a)(6). Who is responsible for explaining a delegation of services to a patient? Should the patient's consent or objection to the delegation be written?

3. The Committee requests clarification of proposed Sec. 18.401(b). Specifically, what kinds of medical services do not require medical education and training as opposed to those that do require medical education and training?
4. The Committee questions the necessity of including Sec. 18.401(f) in the proposed regulations. Under what circumstances would regulations of the Board prohibit another licensed or certified health care provider from practicing within the scope of that license or certificate?
5. Pursuant to Sec. 17c of the Act, a medical doctor is responsible for all medical services delegated to a health care practitioner or technician. Accordingly, the Committee recommends that proposed Sec. 18.401(a)(7) be amended to read: "The medical doctor assumes the responsibility for the delegated medical services, including performance of the service, and is available to the delegatee as is appropriate based upon the difficulty of the procedure, the skill of the delegatee and risk level to the particular patient."

If you have any questions, please feel free to contact me.

Sincerely,

Mario J. Civera, Chairman
House Professional Licensure Committee

Regulation 16A-644

State Board of Auctioneer Examiners

PROPOSAL: Regulation 16A-644 amends 49 PA Code, Chapter 1, regulations of the State Board of Auctioneer Examiners. The amendment makes revisions to the schedule of Board fees by adding six new fees for services for which there is currently no charge.
