(8) Briefly explain the regulation in clear and nontechnical language.

Administrative departments, boards, commissions and authorities receiving money from the State Treasury are required to provide fiscal notes with every regulatory action and administrative procedure published in the *Pennsylvania Bulletin*. The proposed regulatory change codifies the current practice of writing fiscal notes.

Agencies that are required to submit a regulatory analysis form to the Independent Regulatory Review Commission shall submit to the Office of the Budget one copy of the regulatory analysis form and one copy of the regulatory action or administrative procedure, or changes thereto. Agencies that are not required to submit a regulatory analysis form to the Independent Review Commission for a regulatory action or administrative procedure shall submit the following information to the Office of the Budget:

- (i) One copy of each regulatory action or administrative procedure
- (ii) The designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made and the line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds will occur as a result of the action or procedures.
- (iii) The probable cost for the fiscal year the program is implemented and a projected cost estimate of the program for each of the five succeeding fiscal years.

Regulation Analysis Form

- (iv) The probable loss of revenue for the fiscal year of its implementation and a projected loss of revenue from the program for each of the five succeeding fiscal years.
- (v) The three year fiscal history of the program for which expenditures are to be made.

The above enumerated information is also required to be submitted for Executive Orders, Statements of Policy and notice of rule changes and notices related to federally required changes and changes in fee structure.

The Office of the Budget reviews the regulatory action or administrative procedure, or changes thereto, and writes a fiscal note explaining its economic impact. The Office of the Budget sends the fiscal note to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

(9) State the statutory authority for the regulation and any relevant state or federal court decisions.

The Office of the Budget, under authority contained in section 612 of the Administrative Code of 1929 (71 P.S. § 232), proposes to amend 4 Pa. Code §§ 7.231 to 7.235.

(10) Is the regulation mandated by any federal or state law or court order, or federal regulation? If yes, cite the specific law, case or regulation, and any deadlines for action.

No

(11) Explain the compelling public interest that justifies the regulation. What is the problem it addresses?

The amended regulation codifies the current practice of writing fiscal notes and provides more clear instruction for promulgating agencies to ensure efficient writing of fiscal notes.

(12) State the public health, safety, environmental or general welfare risks associated with nonregulation.

The former regulation is not indicative of the process for writing fiscal notes now used at the Office of the Budget. Promulgating agencies are often confused by the discrepancy between the regulation and the actual practice of when a fiscal note is necessary. The discrepancy causes inefficiencies for promulgating agencies and may cause delay in regulation approval.

The fiscal note itself is of primary importance when evaluating proposed regulations. The fiscal note is a simple and productive indicator that certifies the fiscal impact of all regulations on the tax revenue of the Commonwealth of Pennsylvania.

(13) Describe who will benefit from the regulation. (Quantify the benefits as completely as possible and approximate the number of people who will benefit.)

All promulgating agencies will benefit from a more descriptive regulation that provides clear instruction on the process to use when obtaining a fiscal note.

REGULATION AND FORM

(14) Describe who will be adversely affected by the regulation. (Quantify the adverse effects as completely as possible and approximate the number of people who will be adversely affected.)

Promulgating agencies will need to become aware of the modified regulation, but no adverse effects are predicted because agencies are already following the guidelines implemented by the proposed regulation.

(15) List the persons, groups or entities that will be required to comply with the regulation. (Approximate the number of people who will be required to comply.)

Administrative departments, boards, commissions and authorities receiving money from the State Treasury.

(16) Describe the communications with and input from the public in the development and drafting of the regulation. List the persons and/or groups who were involved, if applicable.

Not Applicable.

(17) Provide a specific estimate of the costs and/or savings to the regulated community associated with compliance, including any legal, accounting or consulting procedures which may be required.

Savings may be realized as a result of less work hours spent to understand the process of obtaining a fiscal note.

(18) Provide a specific estimate of the costs and/or savings to local governments associated with compliance, including any legal, accounting or consulting procedures which may be required.

No effect on costs or savings is expected from local governments.

(19) Provide a specific estimate of the costs and/or savings to state government associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required.

Savings may be realized as a result of less work hours spent to understand the process of obtaining a fiscal note.

(23) Describe alternative regulatory schemes considered and the costs associated with those schemes. Provide the reasons for their dismissal.

Not Applicable.

(24) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulation.

No

(25) How does this regulation compare with those of other states? Will the regulation put Pennsylvania at a competitive disadvantage with other states?

The regulation will not function to put Pennsylvania at a competitive disadvantage.

Regulatory Analysis Form

(26) Will the regulation affect existing or proposed regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

No effect on existing or proposed regulations is expected.

(27) Will any public hearings or informational meetings be scheduled? Please provide the dates, times, and locations, if available.

No public hearings are scheduled.

(28) Will the regulation change existing reporting, record keeping, or other paperwork requirements? Describe the changes and attach copies of forms or reports which will be required as a result of implementation, if available.

No existing reporting or record keeping requirements will be changed.

(29) Please list any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, elderly, small businesses, and farmers.

Not applicable.

(30) What is the anticipated effective date of the regulation; the date by which compliance with the regulation will be required; and the date by which any required permits, licenses or other approvals must be obtained?

The effective date of the regulation is expected to be within the next six months.

Compliance will be required on the effective date.

No permits, licenses or other approvals are necessary.

(31) Provide the schedule for continual review of the regulation.

This proposed regulation, preamble and RAF have been submitted to the Office of General Counsel, the Secretary of the Budget, and the Governor's Policy Office. There are no time limitations on their approval.

After approval by the Office of General Counsel, the Secretary of the Budget, and the Governor's Policy Office, we will submit the proposed regulation, preamble and RAF to the Attorney General for a 30 day review period.

After Attorney General approval, we plan to submit the proposed regulation, preamble, and RAF to the Commission, the committees, and the Legislative Reference Bureau.

Purpose of Proposed Amendments

This regulatory change will clarify the process that agencies must follow to ensure that fiscal notes accompany every regulatory action and administrative procedure published in the *Pennsylvania Bulletin*.

The Office of the Budget is updating the regulation so that it conforms with the present practice of writing fiscal notes.

Explanation of Regulatory Requirements

Administrative departments, boards, commissions and authorities receiving money from the State Treasury are required to provide fiscal notes with every regulatory action and administrative procedure published in the *Pennsylvania Bulletin*. The proposed regulatory change codifies the current practice of writing fiscal notes.

Agencies that are required to submit a regulatory analysis form to the Independent Regulatory Review Commission shall submit to the Office of the Budget one copy of the regulatory analysis form and one copy of the regulatory action or administrative procedure, or changes thereto. Agencies that are not required to submit a regulatory analysis form to the Independent Review Commission for a regulatory action or administrative procedure shall submit the following information to the Office of the Budget:

- (i) One copy of each regulatory action or administrative procedure
- (ii) The designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made and the line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds will occur as a result of the action or procedures.
- (iii) The probable cost for the fiscal year the program is implemented and a projected cost estimate of the program for each of the five succeeding fiscal years.

(iv) The probable loss of revenue for the fiscal year of its implementation and a projected loss of revenue from the program for each of the five succeeding fiscal years.

(v) The three year fiscal history of the program for which expenditures are to be made.

The above enumerated information is also required to be submitted for Executive Orders, Statements of Policy and notice of rule changes and notices related to federally required changes and changes in fee structure.

The Office of the Budget reviews the regulatory action or administrative procedure, or changes thereto, and writes a fiscal note explaining its economic impact. The Office of the Budget sends the fiscal note to the Legislative Reference Bureau for publication in the *Pennsylvania Bulletin*.

Fiscal Impact

The Office of the Budget has determined that the proposed amendments will not have any additional fiscal impact on the Commonwealth.

Paperwork

The proposed amendments will not increase paperwork for the public or the Commonwealth.

Effective Date

The proposed amendments, if approved upon final rulemaking, will become effective upon publication in the *Pennsylvania Bulletin*.

Contact Person

Interested persons are invited to submit written comments, objections or suggestions about the proposed amendments to Pamela F. Cross, Office of the Budget, Legal Office, 7th Floor Bell Tower, 303 Walnut Street, Harrisburg, PA 17101-1808 within 30 days after the date of the publication of this notice in the *Pennsylvania Bulletin*.

Regulatory Review

Under Section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), the Office of the Budget (OB) submitted a copy of the proposed regulations on Nov. 8, 2000, to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the Senate and House Appropriations Committees. In addition to submitting the proposed amendments, OB has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by OB. A copy of this material is available to the public upon request.

If IRRC has any objections to any portion of the proposed amendments, it will notify OB within 30 days of the close of the public comment period. The notification shall specify the regulatory review criteria that have not been met by that portion.
