

To Whom It May Concern,

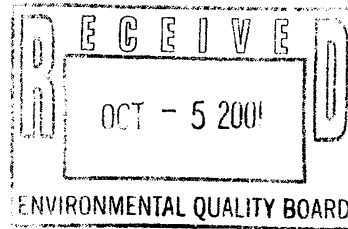

As the mother of 2 small children and a concerned citizen of Pennsylvania I am writing asking you to strengthen the rules about my right to know about the quality of my drinking water. The following is what I am asking:

- Require utilities to notify the media within 24 hours any time water violates state standards.
- Require utilities to use multiple methods to inform us when water is unsafe.
- Require that Consumer Confidence Reports list specific pollutants by name when available.

Thank you,
Theresa Kaspiak
1233 Perry Street
Reading, PA 19604

Oct. 1, 2001

I live in Birdsboro, in the shadow of that mountain of trash from other states and probably other countries. It lies to our North, the State of Pa. Has allowed it to grow and pollute our area for years. It is The Pioneer Landfill. It is located adjacent to the Schuylkill River, not all that far from the water intake of Pottstowns water plant. A possible disaster waiting to happen.

To the South, the State of Pa. Its agencies and courts have allowed a Quarrey to operate blocks away from our town's spring fed reservoir. Here again anything can and in time probably will happen.

Utilities be they private or municipal, should be required to notify the public through the media, should water from their establishments violate state standards for drinking water.

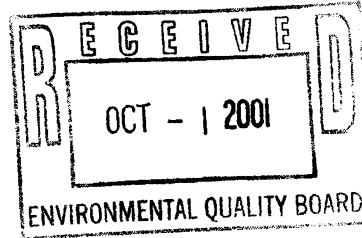

Sincerely,

W.W. Hughes
146 Hook St.
Birdsboro, Pa. 19508

Warminster, PA 18974

Environmental Quality Board
P.O. Box 8477
Harrisburg, PA 17105-8477

To Whom It May Concern:

Here is Warminster, Pa we are very concerned about water quality and the laws governing it. Within our neighborhood we have a closed naval base that has a super fund site on it. We have lived here for 17 years and drink only filtered water because of concern when we moved here about the quality of the water. On our street alone 5 people have died of cancer and on some streets nearby they have had 2 people with leukemia. Please do not weaken our governing laws concerning water quality standards.

In addition, please pass a law requiring the utilities to notify the media within 2 hours if the area water violates state standards. We also ask that you not rely just on newspapers but use many forms of media if our water becomes unsafe. Also, it would help if polluters were listed by name should they violate state laws.

Thank you.

Sincerely,

Handwritten signatures of Lynn and Mark Hillman in cursive script.

Lynn and Mark Hillman

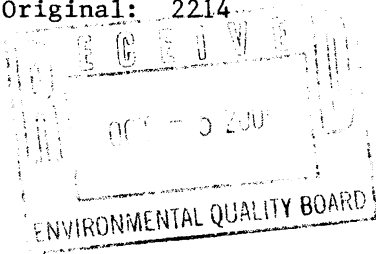

To whom it may Concern,

I'm writing in reference to Pennsylvania's rules about our right to know about the quality of our drinking water. I would like utilities to notify the media within 24 hours anytime our water violates state standards. Thank you in advance for your support in this urgent matter.

Sincerely Yours,
The Hall Family

To:
Environmental Quality Board
P.O. Box 8477
Harrisburg, PA 17105-8477

To strengthen our rules re water quality please
do the following:

1. Require utilities to notify the media within 24 hours any time our water violates state standards and use multiple methods to inform us when our water is unsafe.
2. Require that consumer confidence reports list health effects for all contaminants detected in our water.

Thank you
John Hamill

**Re: Public Comment on Public Notification Rule and
Consumer Confidence Report Rule**

Dear Environmental Quality Board and Sen. Mary Jo White:

In light of the terrorist attack on the United States, we have all become more concerned about our safety. We have increased our awareness of the well being of our families, friends and especially our children. I want to feel safe and secure in my country, state, workplace and most of all in my own home. I was always told that as long as I had my health, all would be well. I'm sure that your feelings are similar to my own.

My information source for the tragedies that have occurred has been my local news stations. Without these stations, I would lose the most valuable pieces of the goings on in my world and community. This includes the state of my drinking water. I don't always check my mail everyday but I do watch the news every night. If a contaminant were present in my water, it would threaten my health and many others. To think that I might not know this risk of drinking my own tap water, because of two overturned rules, is appalling. I do not want my health or yours to be needlessly put in jeopardy. I care about all of our lives and that we remain healthy in them.

Please keep the public notification rule and the consumer confidence report rule in place and secure. If anything, require utilities to notify the media within 24 hours any time our water violates state standards. Require utilities to use multiple methods to inform us when our water is unsafe. Lastly, require that Consumer Confidence Reports be sent to all consumers, not just bill-paying customers. Thank you for your time and vigilance. I know that all we be well because you will help us all stay healthy with these rules solidly in place.

Sincerely,

A handwritten signature in cursive script that reads "Penelope B. Fouke".

Environmental Quality Board
PO Box 8477
Harrisburg, PA 17105-8477

Dear Members of the Environmental Quality Board,

This letter is being sent to inform you of my concern about the quality of water in PA. Please strengthen PA's rules about my right to know about the quality of my drinking water. We need to require utilities to notify the media within 24 hours any time our water violates state standards, to require utilities to use multiple methods to inform me when our water is unsafe, and to require the consumer confidence reports be sent to all consumers, not just bill-paying customers.

Thank you for your time.

Sincerely,

Sally A. Helman

9-13-01

To Whom It may Concern,

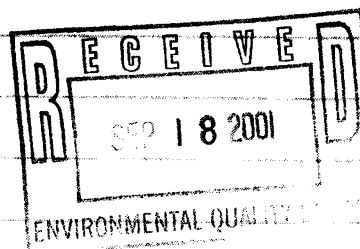

As a concerned taxpayer who trusts that my
H₂O source will not be contaminated by unknown elements,
I prayerfully submit this request to strengthen the
State of Pennsylvania's standards for public awareness as to
the quality of H₂O we are paying for each month.

Sincerely,

Ron Bonds

Harrisburg, PA 17120

Re: Proposed Rulemaking – Safe Drinking Water (#7-368)

Dear Mr. Nyce:

The Environmental Quality Board has received 202 additional form letters regarding the above referenced proposed rulemaking. The letters were sent electronically, and separately, by Clean Water Action from October 26 – November 2, 2001. An example of the letter and a list of the addressees are attached.

Copies have also been forwarded to the Senate and House Environmental Resources and Energy Committees. Please contact me if you have any questions.

Sincerely,

Sharon F. Trostle
Regulatory Coordinator

Comment:

Dear Environmental Quality Board

Please strengthen the proposed rules for Public Notification and Consumer Confidence Reports that were recently published in the Pennsylvania Bulletin.

Receiving timely and accurate information about the quality of drinking water is very important to protect our health.

I urge you to make the following changes to the proposed rules:

Public Notification Rule:

- Require all utilities to notify the media within 24 hours whenever their water violates a state drinking water standard.
- Require utilities to use multiple methods to notify the public, especially for the most serious violations.

Consumer Confidence Reports:

- Make sure that Consumer Confidence Reports (CCR's) list specific polluters by name when reliable data is available from government reports or databases.
- Require that CCR's be sent to all consumers, not just bill paying customers.
- Make sure that CCR's include health effect information for all detected contaminants.

Dear Environmental Quality Board,

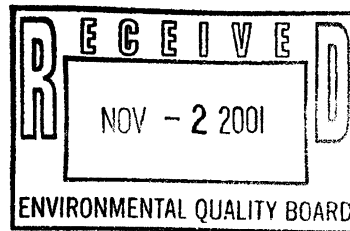

Please strengthen Pennsylvania's rules about our right to know about the quality of our drinking water.

- Require utilities to notify the media within 24 hours any time our water violates state standards and use multiple methods to inform us when our water is unsafe.
- Require that Consumer Confidence Reports be sent to all consumers, not just bill-paying consumers.

Respectfully,

Todd Clay

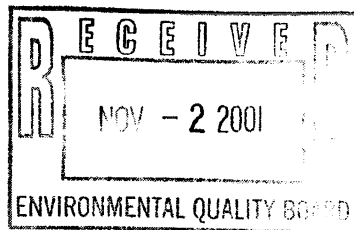

RECEIVED
NOV 7 2001
ENVIRONMENTAL QUALITY BOARD

We need to strengthen Pennsylvania's rules about our right to know about the quality of our drinking water:

Require utilities to notify the media within 24 hours any time our water violates state standards & use multiple methods to inform us when our water is unsafe.

Require that consumer confidence reports list specific pollutants by name when data is available.

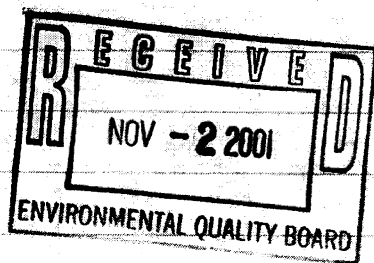

Carol Gray
610 Crestview Rd
Phila, PA 19128

New Environmental Quality Board,

Require utilities to notify the media within 24 hours any time our water violates state standards and use multiple methods to inform us. When our water is unsafe.

Require that consumer confidence reports be sent to all consumers, not just bill-paying customers.

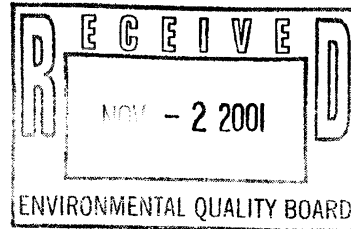

Amy Angelo

Environmental Quality Board
PO Box 8477
Harrisburg, PA 17105-8477

Dear Sirs:

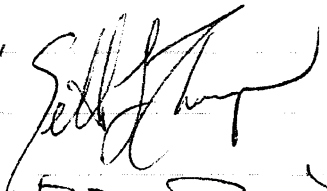

I wish to express my opinion on Pennsylvania's rules about my right to know about the quality of our drinking water. I feel that utilities should be required to notify the media within 24 hours any time our water violates state standards and use multiple methods to inform us when our water is unsafe. I also believe that consumer confidence reports should be required to list specific polluters by name when data is available.

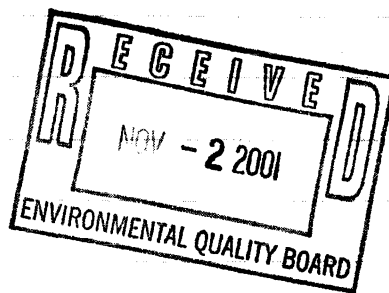

Sincerely,

Patrick Nolan

To whom it may concern:

- Require utilities to notify the media within 24 hours any time our water violates state standards and use multiple methods to inform us when our water is unsafe.
- Require that Consumer Confidence Reports list health effects for all contaminants detected in our water

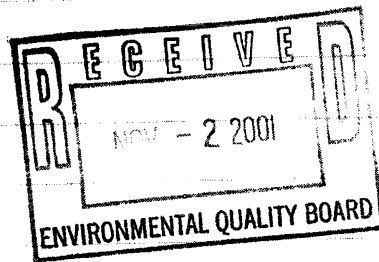

Sincerely,

4338 Box X
Phila PA 19128

Kristine Labhart

10-22-01
Environmental Quality Board,

If you want my vote you
better let me know about
the quality of Penn drinking
water.

You must make the utilities
notify us thru the media
when the water is unsafe
to drink, because we drink
a lot of H₂O & we need to
know if it is not safe.

I want to know who
the polluters are every time
it happens

Sincerely,

Patrick J. Loftus Sr.

Phila PA 19128

Original: 2214

Environmental Quality Board
PO Box 8477
Harrisburg, PA 17105-8477

October 19, 2001

Dear Board Members;

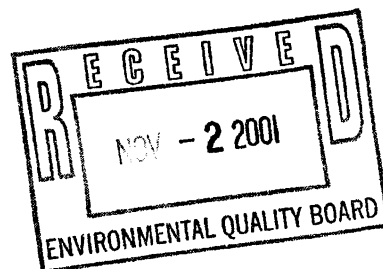

We, as citizens of Pennsylvania, should have a right to know about the quality of our drinking water. I believe we should strengthen the rules and laws concerning our right to know about our water supply. I feel the utility companies should be required to notify the media within 24 hours any time our water violates state standards. The utility companies should be required to notify multiple media outlets, including television, news radio stations, and daily newspapers. Lastly, Consumer Confidence Reports should list the names of specific polluters if and when the data is available.

This is the minimum that should be expected in enforcing the rules of safe water. Please do not weaken these rules or standards. Please enforce and strengthen the Public Notification Rule and the Consumer Confidence Report Rule. Thank you very much.

Sincerely,

John M. and Patricia Warrick

To whom it may concern:

I am concerned about pollutants that affect our drinking water and compromise our health and safety. This is a personal as well as a community and social concern. It is important that the Environmental Quality Board strengthen Pennsylvania's rules about our right to know about the quality of our drinking water. There are two ways that you can do this.

1. Require utilities to notify the media within 24 hours any time our water violates state standards and use multiple methods to to inform us when our water is unsafe.
2. Require that Consumer Confidence Reports list specific polluters by name when data is available.

Sincerely,

Helene Feldman

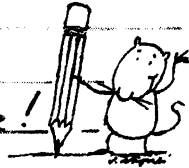

The list starts here: _____

Dear Environmental Quality Boards:
Require utilities to notify the
media within 24 hrs. any
time our water violates state
standards & use multiple methods
to inform us when our water is
unsafe.

Require that Consumer Confidence
Reports be sent to all consumers,
not just bill paying consumers

To: Environmental Quality Board.

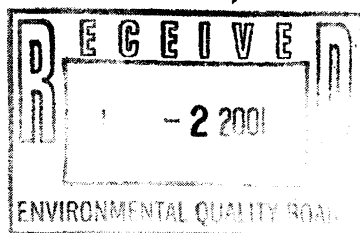

I am writing to urge you to improve the PA. rules that inform us about the quality of our water.

(1) Utilities should be required to notify us through the media within 24 hrs. of any failure of our water to meet state standards. All methods of communication should be used - T.V., radio, newspapers so we will know when water is unsafe.

(2) I believe the Consumer Confidence Reports should list all polluters by name so that we as consumers can have an impact as we decide what companies to patronize.

Thank you.

Environmental Quality Board
PO Box 8477
Harrisburg, PA 17105-8477

Dear Sir/Madam:

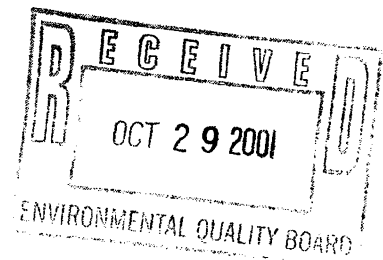

I am writing to request the strengthening of Pennsylvania's rules regarding our right to know about the quality of our drinking water. I would like to make it a requirement that utilities notify the media within 24 hours any time our water violates state standards. In addition, I would like to make it a requirement that utilities use multiple methods to inform the public when water is unsafe, and that Consumer Confidence Reports be sent to all consumers, not just bill-paying customers.

I hope the Environmental Quality Board will help to enact these requirements so that the citizens of Pennsylvania will be kept informed of the quality of their drinking water in a timely and accurate manner.

Sincerely,

Anu and Ashvin Hosangadi

Harrisburg, Pa 17105-8477

To Whom It May Concern:

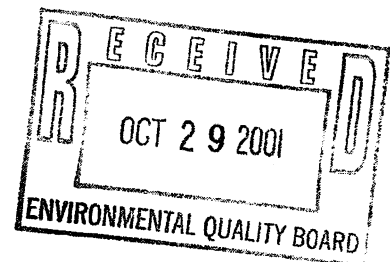

In this day and age it is important to have strong rules and regulations on the safety of our drinking water. I feel we are not notified when our water is not safe to drink. We need to have the utilities notify the media any time our water violates state standards. We also need to enforce the utilities to use multiple methods to inform us when our water is unsafe. Its also important to require Consumer Confidence Reports list specific polluters by name when data is available.

Your attention to this matter would be deeply appreciated.

Sincerely,

Diane Mertz

Dear Environmental Quality Board,

I would like to request you notify the media within 24 hours any time our/my water violates state standards.

Please use multiple/all methods to inform us/me when our water is unsafe, and even remotely dangerous.

I would like to have a Consumer Confidence Report mailed to me directly or by email. (jmgalaher@aol.com)

Dear Sirs:

I am concerned about the weakening of rules that may affect the quality of my family's drinking water. In particular, I want utilities to be required to notify all forms of media within one day any time our water is below state standards. I also want Consumer Confidence Reports to be sent to ALL consumers.

Sincerely,

Gregory Ozgar
