Re: Proposed Rulemaking – Safe Drinking Water (#7-368)

Dear Mr. Nyce:

The Environmental Quality Board has received 179 additional form letters regarding the above referenced proposed rulemaking. The letters were sent electronically, and separately, by Clean Water Action from September 26 - October 8, 2001. An example of the letter and a list of the addressees are attached.

Copies have also been forwarded to the Senate and House Environmental Resources and Energy Committees. Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads 'S. F. Trostle'.

Comment:

Dear Environmental Quality Board

Please strengthen the proposed rules for Public Notification and Consumer Confidence Reports that were recently published in the Pennsylvania Bulletin.

Receiving timely and accurate information about the quality of drinking water is very important to protect our health.

I urge you to make the following changes to the proposed rules:

Public Notification Rule:

- Require all utilities to notify the media within 24 hours whenever their water violates a state drinking water standard.
- Require utilities to use multiple methods to notify the public, especially for the most serious violations.

Consumer Confidence Reports:

- Make sure that Consumer Confidence Reports (CCR's) list specific polluters by name when reliable data is available from government reports or databases.
- Require that CCR's be sent to all consumers, not just bill paying customers.
- Make sure that CCR's include health effect information for all detected contaminants.

All these suggestions seem to be common sense and should not even be considered twice when the issue of safe drinking water and notification of the public are concerned.

**Environmental Quality Board,**  
PO Box 8477,  
Harrisburg PA 17105-8477

**Greetings, Members of the Environmental Quality Board;**

**I am writing to you regarding the quality of water in Pennsylvania. I have always felt that we as intelligent creatures need to be good stewards of all our natural resources.**

**It is important to you health and all living things that we strengthen Pennsylvanian's rules about our right to know about the quality of our drinking water. We must require utilities to notify the media within 24 hours any time our water violates state standards.**

**Furthermore, utilities need to be required to use multiple methods to inform all citizens when our water is unsafe.**

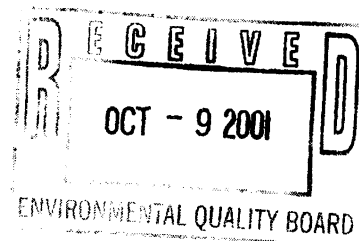

**Require that Consumer Confidence Reports be sent to all citizens in Pennsylvania, not just paying customers.**

**As you study the quality of our water, please don't forget how important water is to all of us.**

**Sincerely,**

*Wayne G. Nervik*

**Wayne G. Nervik**

Environmental Quality Board

PO Box 8477

HARRISBURG, PA. 17105-8477

We all need to strengthen laws  
regarding the following.

Notify media within 24 hours  
anytime our water violates state standards

USE multiple methods to inform us  
when our water is unsafe.

Consumer Confidence Reports list  
health effects for all contaminants detected  
in all our water supplies.

Dear Environmental Quality Board  
Require utilities to use multiple  
methods to inform us when  
our water is unsafe.

Require that Consumer Confidence  
report list health effects for  
all contaminants detected in  
our water.

## Environmental Quality Board.

I'm writing you to strengthen PA's rules about our rights to know about the quality of our drinking water.

- Require utilities to notify the media within 24 hours any time our water violates state standards.
- Require utilities to use multiple methods to inform us when our water is unsafe.
- Require that Consumer Confidence Reports be sent to all consumers, not just bill-paying customers.

TO WHOM IT MAY CONCERN

It is obvious that the stains in the sink and bathtub clearly indicate the poor quality of drinking water in the community.

Many of these people are not aware for the problems that could be affecting their health.

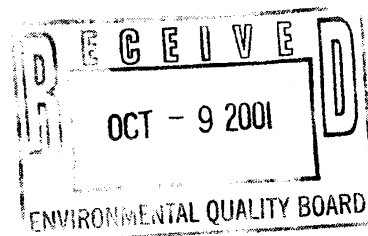

Do to the fact that as a community we pay for water, I believe we should be able to drink it and not but water at the store.

Anything that you might be able to do will be appreciated first by those who understand there is a problem, and in the long run the health of those unable to understand the importance of clean drinking water.

Again thank you for taping the time to read my letter.

Most Greatful,

Janet L. Mitchell

Dear Sirs/Madamms,

I have just moved to Birdsboro PA, from Alamogordo NM & while I was living there the E. coli level in the water became higher then acceptable by 40% or more. Because of poor communication, many people became ill, some severely so. I make the proposal, with my fellow members of the community, that we do not allow this to occur here. We need to require the utilities to notify the media within 24 hours, any time the water reaches unsafe levels for bacteria & minerals that will make us sick. As not all members of the community do not own, or watch TV, other means of informing the public need to be taken by the utilities. Times in this country are very ~~stragapord~~ troublesome, we have lost our confidence in many things. Utilities should send out Consumer Confidence Reports, to all members of the community, even if they don't pay bills. We should demand this.

Sincerely,  
Melissa Lynn

To the Environmental Quality Board,

This is concerning our drinking water.

Please notify the media within 24 hours anytime our water violates state standards.

Please use multiple methods to inform us when our water is unsafe. List health effects for all contaminants detected in our water. I think you owe this to us. We have the right to know.

Thank you

Sincerely Louis Blayfong

ps.

We have to pay for our water.

Are we paying for us to be sick?

I am concerned about how and when the public<sup>is</sup> notified when our drinking water is unsafe. I feel that strengthening Pennsylvania's rules pertaining to our rights to know about the quality of our drinking water would be very beneficial.

Please take the following into consideration:

1. Require utilities to notify the media within 24 hours any time our water violates state standards.
2. Require utilities to use multiple methods to inform us when our water is unsafe.
3. Require that the Consumer Confidence Reports list specific polluters by name when data is available.

Thank you for your time.

As a concerned citizen I plead with you to strengthen Pennsylvania's rules about ~~my~~ right to know about the quality of ~~my~~ drinking water. My request is to know within 24 hours when the water violates states standards opposed to 30 days which can be too late. Please require utilities to use multiple methods to inform us when our water is unsafe, last, but not least please require that Consumer Confidence reports be sent to all consumers, not - just bill paying customers.

I am writing to you to about the quality of our drinking water. I have learned that some of our drinking water may be unsafe at certain times. Please require utilities to notify the media within 24 hours any time our water violates state standards and they should use multiple methods to inform us when our water is unsafe. Also, reports should be sent to all consumers and not just to bill-paying customers. Thank you for taking the time to read this letter.
