Yes: By the Attorney General

Yes: By the Governor

(8) Briefly explain the regulation in clear and nontechnical language.

As a matter of policy, the Public School Employees' Retirement Board allows members to purchase service credit by actuarial debt reduction. The regulations currently restrict such purchases to be made by lump sum payment or a 3 to 6-year payment period. Recent legislation allows all purchases of service, including multiple service purchases, to be made by actuarial debt reduction. The State Employees' Retirement System is has made similar amendments and partial repeal of its regulations to allow purchases of service to be made by actuarial reduction.

(9) State the statutory authority for the regulation and any relevant state or federal court decisions.

24 Pa.C.S. §§ 8507(d) and 8502(h).

Regulatory Analysis Form

(10) Is the regulation mandated by any federal or state law or court order, or federal regulation? If yes, cite the specific law, case or regulation, and any deadlines for action.

No.

(11) Explain the compelling public interest that justifies the regulation. What is the problem it addresses?

The proposed regulation will bring the regulations into conformity with the current administrative practice. PSERS regulations apply only to members of the system, and not to the general public. The final-form regulation will simplify the purchase of service process, and eliminate unnecessary and inconsistent regulations.

(12) State the public health, safety, environmental or general welfare risks associated with nonregulation.

There are none.

(13) Describe who will benefit from the regulation. (Quantify the benefits as completely as possible and approximate the number of people who will benefit.)

PSERS active members (approximately 220,000) and the retirement system as a whole will benefit from the repeal of the regulations. The repeal will avoid the out-of-pocket member payment, increase agency efficiency, improve production time, reduce paperwork, and potentially reduce the number of administrative hearings for redress of grievances.

Regulatory Analysis Form

(14) Describe who will be adversely affected by the regulation. (Quantify the adverse effects as completely as possible and approximate the number of people who will be adversely affected.)

No member will be adversely affect by the repeal of these regulations.

(15) List the persons, groups or entities that will be required to comply with the regulation. (Approximate the number of people who will be required to comply.)

Regulations are being deleted, not promulgated.

(16) Describe the communications with and input from the public in the development and drafting of the regulation. List the persons and/or groups who were involved, if applicable.

PSERS is not drafting new regulations, and so has not asked for the public's input.

(17) Provide a specific estimate of the costs and/or savings to the regulated community associated with compliance, including any legal, accounting or consulting procedures which may be required.

There are nominal additional costs to the Commonwealth, its citizens or school employees associated with this proposal. There will be additional cost savings for both school employers and PSERS associated with this proposal.

PSERS is not writing new regulations. PSERS regulations and policies apply only to members of the system, and not to the general public. By repealing the regulations, PSERS desires to simplify the purchase of service process, provide for equity, and eliminate unnecessary regulations. Repealing these inconsistent regulations will bring the regulations into conformance with current administrative policy and practices.

PSERS active members (approximately 220,000) and the retirement system as a whole will benefit from the repeal of the regulations. The repeal will avoid the out-of-pocket member payment, increase agency efficiency, improve production time, reduce paperwork, and potentially reduce the number of administrative hearings for redress of grievances.

Regulatory Analysis Form

(18) Provide a specific estimate of the costs and/or savings to local governments associated with compliance, including any legal, accounting or consulting procedures which may be required.

Public school employers will save some administrative costs in having to deduct purchase of service contributions from members' salary and forwarding them to PSERS. Having an actuarial debt reduction will eliminate the need for school employers to be involved in administering the payroll deduction(s) for purchases of service. Otherwise, local governments are not affected.

(19) Provide a specific estimate of the costs and/or savings to state government associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required.

Please see the answer to question number 17.

Regulatory Analysis Form

(20) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

	Current FY Year	FY +1 Year	FY +2 Year	FY +3 Year	FY +4 Year	FY +5 Year
	*					
	*

	*					
COSTS:	*					
	*					
	*					
	*					
	*					
REVENUE LOSSES:	*					
	*					
	*					
	*					

(20a) Explain how the cost estimates listed above were derived.

* There is no historical cost/benefit analysis of the purchase of service process. There will be a reduction in record keeping requirements to the extent payroll deductions are minimized. Current procedures are labor-intensive. Deleting the regulations will be less labor-intensive.

Regulatory Analysis Form

(20b) Provide the past three year expenditure history for programs affected by the regulation.

There are none because purchase of service statements are already an integral part of PSERS operations.

Program	FY -3	FY -2	FY -1	Current FY

(21) Using the cost-benefit information provided above, explain how the benefits of the regulation outweigh the adverse effects and costs.

See 20b answer.

(22) Describe the nonregulatory alternatives considered and the costs associated with those alternatives. Provide the reasons for their dismissal.

PSERS is asking to repeal regulations, not promulgate new regulations.

(23) Describe alternative regulatory schemes considered and the costs associated with those schemes. Provide the reasons for their dismissal.

There are none. See 22 above.

Regulatory Analysis Form

(24) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulation.

There are no applicable federal pension standards because PSERS is a non-ERISA plan.

(25) How does this regulation compare with those of other states? Will the regulation put Pennsylvania at a competitive disadvantage with other states?

The regulatory repeal will not put Pennsylvania at a disadvantage with other states, because the fiscal integrity of the system is not affected.

(26) Will the regulation affect existing or proposed regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

The regulatory repeal will only affect PSERS.

(27) Will any public hearings or informational meetings be scheduled? Please provide the dates, times, and locations, if available.

PSERS does not plan to hold public hearings, only to have a public comment period to comply with the regulatory process. The general public will not be affected by this regulatory repeal.

Regulatory Analysis Form

(28) Will the regulation change existing reporting, record keeping, or other paperwork requirements? Describe the changes and attach copies of forms or reports which will be required as a result of implementation, if available.

No, it will not change existing reporting, record keeping, or other paperwork requirements.

(29) Please list any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, elderly, small businesses, and farmers.

Not applicable.

(30) What is the anticipated effective date of the regulation; the date by which compliance with the regulation will be required; and the date by which any required permits, licenses or other approvals must be obtained?

We anticipate the repeal of the regulation to take effect immediately upon approval.

(31) Provide the schedule for continual review of the regulation.

There is no schedule because there is no new regulation, only a repeal.

(8) Briefly explain in clear and non-technical language the regulation:

As a matter of policy, the Public School Employees' Retirement Board allows members to purchase service credit by actuarial debt reduction. The regulations currently restrict such purchases to be made by lump sum payment or a 3 to 6-year payment period. Recent legislation allows all purchases of service, including multiple service purchases, to be made by actuarial debt reduction. The State Employees' Retirement System is proposing similar amendments and partial repeal of its regulations to allow purchases of service to be made by actuarial reduction.

(9) Briefly explain why this regulation is proposed for repeal:

These sections of the PSERS regulations require members who wish to purchase service credit to make a lump-sum payment or payroll deductions. If these sections are deleted, all methods of purchasing multiple service and other credit are permissible as long as the member and the Board agree on the method(s) of payment.

Repealing these sections would allow the Board to adopt other forms of payment for these purchases of service credit. Section 8507(d) of the Public School Employees' Retirement Code, 24 Pa.C.S. § 8507(d), grants the Board that discretion, as follows:

(d) **Credit for previous service or change in membership status.**--Any active member or multiple service member who is a State employee who desires to receive credit for his previous school service or creditable nonschool service to which he is entitled, or a member of Class T-A or Class T-B who desires to become a member of Class T-C, or a joint coverage member who desires to become a full coverage member shall so notify the board. Upon written agreement by the member and the board as to the manner of payment of the amount due, the member shall receive credit for such service as of the date of such agreement subject to the provisions of section 8325

Repeal Analysis Form

(relating to incomplete payments).

The final-form regulations will simplify and improve the process to purchase service for PSERS members. This repeal will eliminate a conflict between the PSERS' Code and the regulations. PSERS will allow members to purchase service by actuarial debt, which will simplify bookkeeping requirements and avoid imposition of unnecessary out-of-pocket costs upon the members, while still maintaining the fiscal integrity of the retirement system, thereby improving customer service.

(10) Please list the proposed schedule for repeal noting any public comment periods:

PSERS will follow the standard public comment periods provided for by statute and/or regulations governing regulatory changes.

(11) State any costs and/or savings associated with the repeal:

PSERS is not writing new regulations. PSERS regulations and policies apply only to members of the system, and not to the general public. By repealing the regulations, PSERS desires to simplify the Purchase of Service process and eliminate unnecessary regulations. Moreover, PSERS' current policies and practices currently allow for actuarial debt reduction purchases of service, and the repeal of inconsistent regulations that are not mandated by the Retirement Code will bring the regulations into conformance with the agency's actuarial debt reduction policies and practices.

PSERS' active members (approximately 220,000) and the retirement system as a whole will benefit from the repeal of the regulations. The repeal will avoid the out-of-pocket member payment, increase agency efficiency, improve production time, reduce paperwork, and potentially reduce the number of administrative hearings for redress of grievances.

FINAL FORM REGULATION
PUBLIC SCHOOL EMPLOYEES' RETIREMENT BOARD
TITLE 22. EDUCATION
[22 Pa. Code Chapter 213]
Contributions and Benefits

Notice of Final Form Rulemaking

Title 22--EDUCATION

**Public School Employees' Retirement Board
Public School Employees' Retirement System
(22 Pa.Code Chapter 213)
(Retirement Contributions)**

Preamble

The Public School Employees' Retirement Board (Board) is submitting this final-form rulemaking under 22 Pa.Code 22 *Pa. Code*, Chapter 213 (relating to retirement contributions). The amendment is to delete the restrictions for purchasing retirement credit thereby allowing the costs of purchase to be deducted from the actuarial value of the retirement account.

This amendment is being made to conform the Board's regulations with the policy adopted by the Board at its December 2, 1998 meeting allowing actuarial debt reduction for purchases of service.

A. Effective Date

This amendment will go into effect upon publication in the *Pennsylvania Bulletin* as a final rulemaking.

B. Contact Person

For further information contact Frank Ryder, Director of Government Relations, Public School Employees' Retirement System, 5 North Fifth Street, P.O. Box 125, Harrisburg, PA 17108, (717) 720-4733, or Charles K. Serine, Deputy Chief Counsel, Public School Employees' Retirement System, 5 North Fifth Street, P.O. Box 125, Harrisburg, PA 17108, (717) 720-4679. Information regarding submitting comments on this proposal appears in Section H of this preamble.

C. Statutory Authority

This final-form is authorized under 24 Pa.C.S. §§ 8507(d) and 8502(h) (relating to the Public School Employees' Retirement Code) (code).

D. Background and Purpose

The Board is responsible for implementing the purchase of service provisions of the Public School Employees' Retirement Code, and a component of that purchase program is a method of paying for the purchase by eligible members, i.e. their contributions. Although the Retirement Code authorizes the contributions to be made in

any manner agreed upon by the Board and member, the current regulations limit payment methods. Deletion of these regulations will restore the Board's statutory authority to authorize the actuarial debiting of the member's account as an agreed upon way to make these contributions.

The purpose of this repeal of these restrictions is to permit the member and Board to agree upon how member contributions for the purchase of service can be made. Members would still have the option of paying by lump sum or payroll deduction but also would have the option to authorize an actuarial reduction in the value of their account to pay for the requested purchase. This would substantially reduce or eliminate out-of-pocket costs for members to avail themselves of service purchases authorized by the Retirement Code. As noted above, by policy of the Board, PSERS currently permits the actuarial reduction of school member accounts for service purchases. These regulatory repeals will conform the regulations to the current administrative policy. The State Employees' Retirement System has promulgated a similar repeal of its regulations at 31 Pa.B. 4170 that allows purchases of service to be paid by actuarial debt of state employees' accounts. This repeal will harmonize the regulations of the Public School and State Employees Retirement Systems, especially with regard to multiple service members.

E. Benefits, Costs and Compliance

Executive Order 1996-1 requires a cost/benefit analysis of the proposed regulation.

Benefits

This final-form rulemaking will benefit school employees eligible for service purchases pursuant to the Public School Employees' Retirement Code. By reducing the potential out-of-pocket costs to members with an offsetting actuarial reduction in the value of their accounts, easier access to statutorily authorized service purchases would ensue without any loss in the fiscal integrity of the Retirement System. Customer service will be improved together with a corresponding reduction in bookkeeping and record keeping to the extent that payroll deductions are reduced.

Costs

There are nominal additional costs to the Commonwealth, its citizens or school employees associated with this proposal. There will be additional cost savings for both school employers and PSERS associated with this proposal.

Compliance Costs

The proposed amendment is not expected to impose any additional compliance costs on school employees or employers.

F. Sunset Review

A sunset date has not been established by the Board for these regulations.

G. Regulatory Review

Under Section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on October 2, 2001, the Board submitted a copy of the notice of proposed rulemaking, published at 31 Pa.B. 5711 (October 13, 2001), to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Education Committee and the Senate Finance Committee. In addition to submitting the proposed amendments, the Board has provided IRRC and the Committees with a detailed regulatory analysis form prepared by PSERS in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

No comments were received from the IRRC, the Committees and the public for the Board to consider in preparing this final-form regulation.

Under section 5.1(d) of the Regulatory Review Act (71 P.S. § 745.5a(d)), this final-form regulation was deemed approved by the House Education Committee on November 2, 2001 and deemed approved by the Senate Finance Committee on November 2, 2001. Under section 5.1(e) of the Regulatory Review Act (71 P.S. § 745.5a(e)), the final-form rulemaking was deemed approved by IRRC effective December 13, 2001.

H. Public Comments

There have been no public comments.

I. Findings

The Board finds that:

(1) Public notice of intention to delete these regulations herein was given under 1 Pa.Code § 7.1 (relating to notice of proposed rulemaking required) by publication at 31 Pa.B. 5711.

(2) The amendments to the rules and procedures deleted herein are necessary and appropriate for the administration of the code.

J. Order

The Board, acting under the Administrative Code of 1929 and the Commonwealth Documents Law, including particularly those sections specified in the several authority sections herein specified with respect to each provision of the rules and procedures of PSERS deleted by this order, orders:

(a) The regulations for the Board, 22 Pa. Code Chapter 213 are amended by amending sections 213.2(c), 213.23(d), 213.24(b), 213.24(c), 213.24(d) and 213.25(c) to read as set forth at 31 Pa.B. 5711 (October 13, 2001).

(b) The amendments shall be submitted to the Office of Attorney General for approval as to legality as required by law.

(c) The Secretary of the Board shall certify this order and 31 Pa.B. 5711 and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall take effect immediately upon publication in the *Pennsylvania Bulletin*.

PROPOSED RULEMAKING

PUBLIC SCHOOL EMPLOYEES' RETIREMENT BOARD

[22 PA. CODE CH. 213]

Contributions and Benefits

The Public School Employees' Retirement Board (Board) proposes to amend Chapter 213 (relating to contributions and benefits). The amendments are being proposed to delete the restrictions for purchasing retirement credit thereby allowing the costs of purchase to be deducted from the actuarial value of the retirement account.

This proposal is being made to conform the Board's regulations with the policy adopted by the Board at its December 2, 1998, meeting allowing actuarial debt reduction for purchases of service.

A. Effective Date

These amendments will go into effect upon publication in the *Pennsylvania Bulletin* as a final-form rulemaking.

B. Contact Person

For further information contact Frank Ryder, Director of Government Relations, Public School Employees' Retirement System, 5 North Fifth Street, P. O. Box 125, Harrisburg, PA 17108, (717) 720-4733; or Charles K. Serine, Deputy Chief Counsel, Public School Employees' Retirement System, 5 North Fifth Street, P. O. Box 125, Harrisburg, PA 17108, (717) 720-4679. Information regarding submitting comments on this proposal appears in Section H of this Preamble.

C. Statutory Authority

This proposed rulemaking is being made under the authority of the Public School Employees' Retirement Code, 24 Pa.C.S. §§ 8502(h) and 8507(d) (code).

D. Background and Purpose

The Board is responsible for implementing the purchase of service provisions of the code, and a component of that purchase program is a method of paying for the purchase by eligible members, that is, their contributions. Although the code authorizes the contributions to be made in any manner agreed upon by the Board and member, the current regulations limit payment methods. Deletion of these provisions will restore the Board's statutory authority to authorize the actuarial debiting of the member's account as an agreed upon way to make these contributions.

The purpose of these proposed amendments is to permit the member and Board to agree upon how member contributions for the purchase of service can be made. Members would still have the option of paying by lump sum or payroll deduction but also would have the option to authorize an actuarial reduction in the value of their account to pay for the requested purchase. This would substantially reduce or eliminate out-of-pocket costs for members to avail themselves of service purchases authorized by the code. As noted, by policy of the Board, the Public School Employees' Retirement System (PSERS) currently permits the actuarial reduction of school member accounts for service purchases. These regulatory

repeals will conform the regulations to the current administrative policy. The State Employees' Retirement System is proposing a similar amendment of its regulations that will allow purchases of service to be paid by actuarial debt of State employees' accounts. This amendment will harmonize the regulations of the PSERS and State Employees Retirement Systems, especially with regard to multiple service members.

E. Benefits, Costs and Compliance

Executive Order 1996-1 requires a cost/benefit analysis of the proposed amendments.

Benefits

This proposed rulemaking would benefit school employees eligible for service purchases under the code. By reducing the potential out-of-pocket costs to members with an offsetting actuarial reduction in the value of their accounts, easier access to statutorily authorized service purchases would ensue without any loss in the fiscal integrity of the PSERS. Customer service would be improved together with a corresponding reduction in bookkeeping and recordkeeping to the extent that payroll deductions would be reduced.

Costs

There are nominal additional costs to the Commonwealth, its citizens or school employees associated with this proposal. There will be additional cost savings for both school employers and PSERS associated with this proposal.

Compliance Costs

The proposed amendments are not expected to impose additional compliance costs on school employees or employers.

F. Sunset Review

A sunset date for these regulations has not been assigned by the Board.

G. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on October 2, 2001, the Board submitted a copy of these proposed amendments to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Education Committee and the Senate Finance Committee. In addition to submitting the proposed amendments, the Board has provided IRRC and the Committees with a detailed regulatory analysis form prepared by the PSERS in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, if IRRC has objections to any portion of the proposed amendments, it will notify the Board within 10 days of the close of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by the portion of the proposed amendments to which an objection has been made. The Regulatory Review Act specifies detailed procedures for review by the General Assembly and the Governor of objections raised by IRRC prior to final publication of the amendments by the Board.

H. Public Comments

Written Comments. Interested persons are invited to submit comments, suggestions or objections regarding the

proposed amendments to the Public School Employees' Retirement System, 5 North Fifth Street, P. O. Box 125, Harrisburg, PA 17108-0125. Comments submitted by facsimile will not be accepted. Comments, suggestions or objections must be received by the Board by November 13, 2001. Interested persons may also submit a summary of their comments to the Board. The summary may not exceed 1 page in length and must be received by November 2, 2001. The one-page summary will be provided to each member of the Board in the agenda packet distributed prior to the meeting at which the final-form regulations will be considered.

Electronic Comments. Comments may also be submitted electronically to the Board at fryder@state.pa.us and must also be received by the Board by November 13, 2001. A subject heading of the proposal and a return name and address must be included in each transmission. If an acknowledgment of electronic comments is not received by the sender within 2 working days, the comments should be transmitted by mail to ensure receipt.

(d) [The payment for the purchase of all credit authorized by this chapter, except that for sabbatical leave and activated military service leave, shall be payable in a lump sum within 90 days after certification of the amount due or, in the case of an active member, may be authorized through payroll deductions over a period of years not in excess of 6 years, if statutory interest at 4% annually is charged through the repayment period. The amount certified by the Board for the purchase of this credit shall be in accordance with methods approved by the actuary.

(b) *Contributions for purchase of nonintervening military service.* The amount due for the purchase of nonintervening military service shall be calculated as follows: The average of the first 3 years' salaries subsequent to the military service, multiplied by the sum of the member's basic contribution rate and the normal contribution rate as determined by section 8328 of the Retirement Code (relating to actuarial cost method), relating to Commonwealth and district shares, and multiplied by the number of years or fractional years of military service. [The amount due for the purchase of the military service, as calculated under this subsection, may be paid in a lump sum within 90 days after certification of the amount due, or in the case of an active member, may be amortized through payroll deductions over a period of years not in excess of 5 years without interest.] All amounts certified by the Board for the purchase of the service shall be in accordance with methods approved by the actuary. Nonintervening military service may not be purchased unless the active member has completed at least 3 years of subsequent credited school service as a Class T-C member.

(c) *Contributions for purchase of intervening military service.* An active member eligible to purchase credit for intervening military service shall pay the amount due in accordance with the following formula: The member's basic contribution rate at the time of entry into the active military service multiplied by the member's then compensation and by years of the military service together with statutory interest during all periods of subsequent school and State service to the date of purchase, if all the amounts due shall be in accordance with methods certified and approved by the actuary. [The amounts due for the purchase of the service may be paid under one of the following methods:

(1) Regular monthly payments submitted through the school district based on the compensation of the member which the member would have received at the time of entry into active military service without statutory interest since the payments are made on a current contributing basis.

(2) A lump sum payment within 90 days of the date of the amount certified to be due and owing.

(3) Through amortized salary deductions over a period not to exceed 5 years.]

(d) *Contributions for purchase of other creditable nonschool service.* An active member shall pay the amount due for creditable nonschool service in accordance with the following formula: The member's basic contribution rate plus the normal contribution rate, applied to the member's first year salary of credited school service subsequent to the creditable nonschool service sought to be purchased, multiplied by the number of years or fractional parts of a year of the service purchased, together with statutory interest during all subsequent years of school or State service to the date of purchase. [The active member may pay the amount due in a lump sum payment within 90 days after the date of certification by the Board of the amount due or through salary deductions amortized over a 1, 2, but not more than 3-year period, if the statutory interest is charged through the repayment period, and if the amounts due are in accordance with

methods certified and approved by the actuary.] This formula for purchase does not apply in the case of purchase of creditable nonschool service rendered to a county board of school directors. In this event, the member shall only pay the amount due based on the member's basic contribution rate exclusive of the normal contribution rate.

STATE BOARD OF COSMETOLOGY

[49 PA. CODE CH. 7]

Examination Fees

The State Board of Cosmetology (Board) proposes to amend § 7.2 (relating to fees) to read as set forth in Annex A. The proposed rulemaking deletes references to the fees charged by testing organizations from the schedule of fees for the theory and performance examination for cosmetologists, cosmeticians, manicurists and teachers, and theory examination for managers.

A. Effective Date

This proposed rulemaking is effective on final publication in the *Pennsylvania Bulletin*.

B. Statutory Authority

Section 12 of the Beauty Culture Law (law) (63 P.S. § 522) prescribes the time place and materials for examinations for licensure. Section 13(b) of the law (63 P.S. § 519(b)) requires the Bureau of Professional and Occupational Affairs (Bureau) to contract with a professional testing organization to prepare and administer examinations in accordance with section 812.1(a) of The Administrative Code of 1929 (71 P.S. § 279.3(a)). Under section 812.1(b) of The Administrative Code of 1929 each board has the discretionary power to charge a fee for the administration of and cost of each examination. Section 812.1(c) of The Administrative Code of 1929 defines cost as "all contractual charges relating to the preparation, administration, preparing, administering, grading and recording of the examination."

C. Background and Need for Amendment

Provision and Submission of Applications

The proposed amendment to § 7.2 reflects that the professional testing organization, not the Board, determines the fees charged for the examinations. The proposed amendment deletes references to the cost of the examinations in the Board's schedule of fees.

Elimination of References to Examination Fees

The proposed amendment to § 7.2 deletes references to the fees for the theory and performance examination for cosmetologists, cosmeticians, manicurists and teachers, and theory examination for managers. These fees are set by the administrators of the examinations, not by the Board. To avoid the necessity of amending the regulations whenever the examination administrator changes the fees, the Board proposes to delete references to the fees.

D. Description of Proposed Amendments

The proposed rulemaking deletes references to the fees for the theory and performance examination for cosmetologists, cosmeticians, manicurists and teachers, and theory examination for managers. The fees are set by the professional testing organizations.

E. Compliance with Executive Order 1996-1, Regulatory Review and Promulgation

The Board reviewed this proposed rulemaking and considered its purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1. The proposed rulemaking addresses a compelling public interest as described in this Preamble and otherwise complies with Executive Order 1996-1.

F. Fiscal Impact and Paperwork Requirements

The proposed rulemaking will have no fiscal impact on the Board or its licensees. The proposed rulemaking should have no fiscal impact on the private sector, the general public or political subdivisions. The amendment will avoid preparation of new regulations each time an examination fee is changed and should not create additional paperwork for the private sector.

G. Sunset Date

The Board monitors its regulations on a continuing basis. Therefore, no sunset date has been assigned.

H. Regulatory Review

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on September 27, 2001, the Board submitted a copy of this proposed rulemaking to the Independent Regulatory Review Commission (IRRC) and the Chairpersons of the House Professional Licensure Committee and Senate Consumer Protection and Professional Licensure Committee for review and comment. In addition to submitting the proposed rulemaking, the Board has provided IRRC and the Committees with a copy of a detailed Regulatory Analysis Form prepared by the Board in compliance with Executive Order 1996-1, "Regulatory Review and Promulgation." A copy of this material is available to the public upon request.

If IRRC has objections to any portion of the proposed rulemaking, it will notify the Board within 10 days after the expiration of the Committees' review period. The notification shall specify the regulatory review criteria which have not been met by that portion. The Regulatory Review Act specifies detailed procedures for review, prior

RE: Final Form Rulemaking #43-8,
Regulation Change: Allowance of
Actuarial Debt for the Purchase of
Service Credit.

Dear Mr. Nyce:

I am herewith submitting a copy of the Final Form Regulation, Number 43-8, to the Independent Regulatory Review Commission, pursuant to the Regulatory Review Act of 1989. Copies have been hand-delivered this day to the Majority and Minority Chairpersons of the appropriate Senate and House committees.

The Public School Employees' Retirement System (PSERS) proposes to repeal the current, restrictive regulatory language in order to simplify and improve the process of purchasing service credit by its members. The changes will allow PSERS members to purchase service credit through the application of an actuarial debt in the final calculation of their pension benefits.

This Regulation change was published in Proposed Rulemaking form in the October 13, 2001 edition of the Pennsylvania Bulletin. The comment period for the standing committees closed on December 3, 2001, and the period for comments by the Independent Regulatory Review Commission ended on December 13, 2001. No changes were recommended to PSERS.

PSERS received notice of approval of this regulation in Final Form by the Governor's Policy Office, dated January 22, 2002.

Please note that legislation has been enacted that permits all purchases of service, including multiple service purchases, to be made by actuarial reduction. This statutory authority is provided under the provisions of **ACT 2001-9**, which was signed into law on May 17, 2001. The Final Form Rulemaking conforms to the statutory authority.

Please note further, that the Code of the State Employees' Retirement System (SERS) was similarly amended under ACT 2001-9. SERS sought regulatory changes permitting the same actuarial debt payment procedure that is being requested by PSERS. These changes were approved in Final Form Rulemaking by publication in the Pennsylvania Bulletin on August 4, 2001.

We regard the concerns, questions, and potential recommendations of the Commission to be very important, and welcome your comments on this Final Form Rulemaking.

Please feel free to contact this office (at 720-4733) regarding the regulatory changes.

Sincerely,

A handwritten signature in cursive script that reads "Frank Ryder".
