Re: Final Rulemaking – Department of General Services
Regulation 8-3. General Conditions of Contract (IRRC #2304)
Regulation 8-4, Instructions to Bidders

Dear Mr. Nyce:

Members of the Senate State Government Committee have been afforded the opportunity to review and comment upon Final Regulations from the Pennsylvania Department of General Services repealing two sets of regulations – the “General Conditions of Contracts” and the “Instructions to Bidders” regulations.

Please be advised that, as of this date, I have no comments from the Committee members relative to these proposed regulations.

If you have any questions regarding these proposed regulations and the Committee review, please do not hesitate to contact Cynthia Thurston of my staff at 787-7428.

Sincerely,

A handwritten signature in black ink that reads "Charles D. Lemmond".
