(8) Briefly explain the regulation in clear and nontechnical language.  The regulation amends the fee schedule for the State Board of Examiners of Nursing Home Administrators (Board) by eliminating references to the amount paid by applicants to take the National Association of Boards of Examiners of Long-Term Care Administrators (N.A.B.) examination, the State rules and regulations examination and the complete nursing home administration examination. The fees for these examinations are set by the testing organization, N.A.B., and not the Board. The proposed amendment also corrects two fees relating to continuing education program applications, which were mistakenly omitted or reduced by a regulation package concerning continuing education.		
(9) State the statutory authority for the regulation and any relevant state or federal court decisions.  The proposed regulatory amendments are adopted under Section 7.1(a) of the Nursing Home Administrators License Act (Act), (63 P.S. §1107.1(a)), which provides that the Board shall fix the fees required under the Act by regulation.		

## Regulatory Analysis Form

(10) Is the regulation mandated by any federal or state law or court order, or federal regulation? If yes, cite the specific law, case or regulation, and any deadlines for action.

**No. The regulation eliminating references to examination fees is not mandated by any federal or state law or court order.**

(11) Explain the compelling public interest that justifies the regulation. What is the problem it addresses?

**Examination fees are set by the national testing organization that administers the examinations. Eliminating references to the current examination fees in the regulations will obviate the need to amend the regulations in the future should the examination fees be changed. Correcting the fee for continuing education application per credit is necessary to rectify the unintentional deletion of a previous increase in this fee by a subsequent regulation package. Correcting the fee for continuing education individual program application is necessary to rectify the unintentional omission of the fee by a subsequent regulation package.**

(12) State the public health, safety, environmental or general welfare risks associated with nonregulation.

**There are no specific public health, safety, environmental or general welfare risks associated with nonregulation.**

(13) Describe who will benefit from the regulation. (Quantify the benefits as completely as possible and approximate the number of people who will benefit.)

**Applicants for licensure will benefit by not having potentially conflicting sources of information relating to examination fees. The Board will benefit because the regulations will eliminate the need to make future adjustments to its regulations should the examination fees be changed. Individuals or entities submitting applications for continuing education programs will benefit by having the correct information relating to the fee for submission of such programs.**

## Regulatory Analysis Form

(14) Describe who will be adversely affected by the regulation. (Quantify the adverse effects as completely as possible and approximate the number of people who will be adversely affected.)

**The Board has identified no group of individuals or entities who will be adversely affected by the regulation. Applicants for examination and continuing education programs will be required to bear up-to-date costs of providing the services involved.**

(15) List the persons, groups or entities that will be required to comply with the regulation. (Approximate the number of people who will be required to comply.)

**All applicants for the N.A.B. examination, the State rules and regulations examination, and the complete nursing home administration examination are required to pay the fee set by the testing organization. The Board estimates that approximately 110 persons will avail themselves of one or more of the enumerated examinations in the next year. This regulation does not affect the fee charged by the testing organization. All individuals and entities submitting continuing education program applications are required to pay the fees set by the Board.**

(16) Describe the communications with and input from the public in the development and drafting of the regulation. List the persons and/or groups who were involved, if applicable.

**These regulations do not place requirements on licensees concerning their conduct or compliance with state law regarding the performance of a licensing duty under licensing statutes. The regulation embodies the fees which are set by the testing organization and paid directly to the testing organization. Therefore, the information requested in this item is not applicable.**

**The increase in the continuing education program application fee per credit was promulgated under the Regulatory Review Act, effective December 2, 2000, and the Board merely inserts the proper fee at this time. The continuing education program individual application fee was established under the Regulatory Review Act, effective July 23, 1988, and the Board only reinstates the proper fee at this time.**

(17) Provide a specific estimate of the costs and/or savings to the regulated community associated with compliance, including any legal, accounting or consulting procedures which may be required.

**No specific costs or savings to the regulated community are anticipated. However, the general operational costs of the Board may be reduced by eliminating the need to make future amendments to the Board's fee regulations.**

### Regulatory Analysis Form

(18) Provide a specific estimate of the costs and/or savings to local governments associated with compliance, including any legal, accounting or consulting procedures which may be required.

**There are no anticipated costs or savings to local governments associated with this regulation.**

(19) Provide a specific estimate of the costs and/or savings to state government associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required.

**Because the Board's operational expenses are paid from license renewal fees, there are no anticipated costs or savings to state government associated with implementing this regulation.**

### Regulatory Analysis Form

(20) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

	Current FY	FY +1	FY +2	FY +3	FY +4	FY +5

(20b) Provide the past three-year expenditure history for programs affected by the regulation.

Program	FY-3	FY-2	FY-1	Current FY

				*Budgeted

(21) Using the cost-benefit information provided above, explain how the benefits of the regulation outweigh the adverse effects and costs.

**There are no adverse effects or costs associated with the regulation. The regulated community will benefit because the Board will not be required to make any future amendments to its fee regulations to conform to changing costs of the licensing examinations.**

(22) Describe the nonregulatory alternatives considered and the costs associated with those alternatives. Provide the reasons for their dismissal.

**Because the fees are currently part of the Board's regulations, no nonregulatory alternatives were considered.**

(23) Describe alternative regulatory schemes considered and the costs associated with those schemes. Provide the reasons for their dismissal.

**Because the fees are currently part of the Board's regulations, the only alternative regulatory scheme which was considered was to continue amending the regulation to reflect the national testing organization fee. The Department and the Board determined that applicants may experience confusion when the testing organization advertises different fees than the fees listed in the regulations, during the interim period when the Board is attempting to revise its regulations to reflect the new examination fees set by the national testing organization.**

## Regulatory Analysis Form

(24) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulation.

**No federal licensure standards apply.**

(25) How does this regulation compare with those of other states? Will the regulation put Pennsylvania at a competitive disadvantage with other states?

**The National Association of Boards of Examiners of Long-Term Care Administrators (N.A.B.) examination required for Pennsylvania licensure is a uniform national examination. The fees charged for the national examination are uniform in all the states surrounding Pennsylvania and in the remainder of the United States. Of the six surrounding states, three (Maryland, Ohio and West Virginia) require a state rules and regulations examination. This regulation, which does not establish any new examination requirement but deletes references to existing examination fees and reinstates existing continuing education fees which were inadvertently deleted by subsequent regulation packages, will not place Pennsylvania at a competitive disadvantage with other states.**

(26) Will the regulation affect existing or proposed regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

**This regulation will have no effect on other existing or proposed regulations of the Board or other state agencies.**

(27) Will any public hearings or informational meetings be scheduled? Please provide the dates, times, and locations, if available.

**The Board reviews its regulatory proposals at regularly scheduled public meetings each month, generally on the second Wednesday of every month. Meetings are held in the Bureau of Professional and Occupational Affairs' offices at 2601 North Third Street, Harrisburg, Pennsylvania. Please contact the Board Administrator for further information or see the Department of State's website at [www.dos.state.pa.us/nha](http://www.dos.state.pa.us/nha).**

## Regulatory Analysis Form

(28) Will the regulation change existing reporting, record keeping, or other paperwork requirements? Describe the changes and attach copies of forms or reports which will be required as a result of implementation, if available.

**The regulation will not change any existing reporting, record keeping or other paperwork requirements.**

(29) Please list any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, elderly, small businesses, and farmers.

**The Board has identified no particular groups or persons who will be affected by the regulation.**

(30) What is the anticipated effective date of the regulation; the date by which compliance with the regulation will be required; and the date by which any required permits, licenses or other approvals must be obtained?

**The regulation will be effective upon final publication in the Pennsylvania Bulletin.**

(31) Provide the schedule for continual review of the regulation.

**The Board continuously reviews its regulations.**

# PROPOSED RULEMAKING

## STATE BOARD OF EXAMINERS OF NURSING HOME ADMINISTRATORS

[49 PA. CODE CH. 39]

### Deletion and Correction of Fees

The State Board of Examiners of Nursing Home Administrators (Board) proposes to amend § 39.72 (relating to fees) to read as set forth in Annex A.

#### A. Effective Date

The final-form rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

#### B. Statutory Authority

The amendments are authorized under section 812.1 of The Administrative Code of 1929 (71 P.S. § 279.3a) and section 7.1(a) of the Nursing Home Administrators License Act (act) (63 P.S. § 1107.1(a)). Section 7.1(a) of the act authorizes the Board to fix fees by regulation. Section 4(a)(1) and (2) of the act (63 P.S. § 1104(a)(1) and (2)) sets forth the functions and duties of the Board, which include the development and application of appropriate techniques, including examinations, for determining whether an individual meets standards to receive a license as a nursing home administrator. Section 4(c) of the act authorizes the Board to make rules and regulations, not inconsistent with law, as may be necessary for the proper performance of its duties. Section 7 of the act (63 P.S. § 1107) directs the Board to prescribe the subject, character, manner, time and place of the examination and requires that all examinations shall be prepared and administered by a qualified and approved professional testing organization.

#### C. Background and Purpose

##### Deletion of Examination Fees

The General Assembly has indicated its preference for the recognition of National uniform examinations and grading services in accordance with section 812.1 of The Administrative Code of 1929. The Board currently requires two examinations for initial licensure: the National Association of Boards of Examiners of Long-Term Care Administrators (NAB) examination and a State rules and regulations examination. The proposed amendment to § 39.72 deletes the examination fees for the NAB examination, the State rules and regulations examination and the combined examination. These fees are set by the testing organization which develops and administers the examinations, not by the Board. All 51 state boards or licensing agencies administer the NAB examination as a requirement for licensure and the examination fees are uniform throughout the United States. To avoid the necessity of amending its regulations whenever the testing organization might change the fees, the Board proposes to delete references to the examination fees.

The fees for the examinations are established by the NAB and communicated to applicants by both the NAB and the Board as part of the licensure application. Applicants for these exams pay the examination fees directly to the National examiners, with a certified check or money order payable to NAB, which the Board collects with the application submitted to the Board. The fee is

held by the Board until the application is approved. After the Board grants the applicant permission to take the licensing examination, the fee payable to the NAB is transmitted to the test administrator. It is unnecessary and impractical for the Board to continue to publish the National examiners' examination fees in § 39.72. Because examination fees are no longer established by the Board, section 7.1 of the act is inapplicable as to the National uniform examination and the State rules and regulations examination developed by the National examiner. Thus, the Board is eliminating reference to these examination fees in § 39.72.

Other references to examination fees are in §§ 39.5(a)(3) and 39.6(b) (relating to requirements for admission to licensing examination; examination procedures; and examination applications). These sections require that the candidate for admission to the licensing examination pay the required fee for examination and licensure and also that the examination application be accompanied by the required fee. It would be inappropriate to delete these references to the examination fee, when the examination fee will continue to be submitted to the Board and transmitted to the test administrator once the application for examination is approved by the Board. There are no fees paid directly to the test administrator. All certified checks or money orders for the examination are made payable to the NAB, the National examiner and the test developer.

##### Correction of Fees for Continuing Education Program Applications

The fee for continuing education program application per clock hour was changed from \$10 per clock hour to \$15 per clock hour as part of a final-form rulemaking published at 30 Pa.B. 6199 (December 2, 2000). This fee is for continuing education providers seeking Board approval of an upcoming course. However, this fee was inadvertently published as \$10 per clock hour in another final-form rulemaking published at 31 Pa.B. 1362 (March 10, 2001). The need for the \$15 per clock hour fee was explained in the final-form rulemaking published at 30 Pa.B. 6199, promulgated under the Regulatory Review Act (71 P.S. §§ 745.1—745.12). This proposed rulemaking corrects the erroneous fee published at 31 Pa.B. 1362.

In addition, the fee for continuing education individual program applications was initially proposed to be deleted in a proposed rulemaking published at 29 Pa.B. 662 (February 6, 1999), because the Board intended to eliminate all individual retroactive approval for continuing education courses. In light of the concerns of the commentators on the proposed rulemaking, the Board reinstated limited retroactive continuing education course approval for individuals in the final-form rulemaking published at 31 Pa.B. 1362. However, the fee for continuing education individual program applications was not reinstated in the final-form rulemaking. The need for the \$20 per application fee was explained in the final-form rulemaking published at 18 Pa.B. 3211 (July 23, 1988), promulgated under the Regulatory Review Act. This proposed rulemaking corrects the erroneous omission of the fee published at 31 Pa.B. 1362.

##### D. Fiscal Impact and Paperwork Requirements

The deletion of examination fees will have no adverse fiscal impact on the Board or its licensees. The continuing education fees will have fiscal impact on the Board and its licensees, but only insofar as it will reinstate the

proper fees and permit the Board to charge the fees for continuing education approval which it has continuing authority to charge. The proposed rulemaking will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The proposed rulemaking will impose no additional paperwork requirements upon the Commonwealth, its political subdivisions or the private sector.

**E. Sunset Date**

The Board monitors its regulations on a continuing basis. Therefore, no sunset date has been assigned.

**F. Regulatory Review**

Under section 5(a) of the Regulatory Review Act (71 P.S. § 745.5(a)), on December 16, 2003, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections shall specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

**G. Public Comment**

Interested persons are invited to submit written comments, recommendations or objections regarding this proposed rulemaking to Christina Stuckey, Board Administrator, State Board of Examiners of Nursing Home Administrators, P.O. Box 2649, Harrisburg, PA 17105-2649, within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*. [49 PA. CODE CH. 16]

**Continuing Medical Education**

The State Board of Medicine (Board) proposes to amend § 16.1 (relating to definitions) and add § 16.19 (relating to continuing medical education) to read as set forth in Annex A.

**Effective Date**

The proposed rulemaking will be effective upon final publication in the *Pennsylvania Bulletin*. The Legislature has required that the Board promulgate regulations within 6 months of the effective date of section 910 of the Medical Care Availability and Reduction of Error (MCARE) Act (act) (40 P.S. § 1303.910).

**Statutory Authority**

Under section 910 of the act, the Board is required to establish requirements for continuing medical education for physicians as a condition for renewal of their licenses. Physicians are required to complete 100 credit hours of mandatory continuing medical education during each 2-year licensure period.

**Background and Purpose**

The proposed rulemaking will implement section 910 of the act, which requires completion of 100 credit hours of continuing education as a condition of biennial license renewal of physician licenses by the Board and the State Board of Osteopathic Medicine.

**Description of Proposed Rulemaking**

The proposed rulemaking requires proof of completion of 100 credit hours of continuing medical education as a condition of license renewal and requires that at least 20 of the 100 hours be American Medical Association Physician Recognition Award category 1 credits and that at least 10 credit hours must be in the areas of patient safety and risk management. Courses in the areas of patient safety and risk management may include topics such as improving medical records and recordkeeping, reducing medical errors, professional conduct and ethics, improving communications, preventative medicine and healthcare quality improvement. The proposed rulemaking further designates the Accreditation Council on Continuing Medical Education as the accrediting body for purposes of approving continuing medical education providers.

**Fiscal Impact and Paperwork Requirements**

The proposed rulemaking will require the Board to alter its license renewal forms to include data regarding

DEPARTMENT OF STATE  
BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS  
49 PA. CODE, CHAPTER 39  
STATE BOARD OF EXAMINERS OF NURSING HOME ADMINISTRATORS  
DELETION AND CORRECTION OF FEES  
16A-628

The State Board of Examiners of Nursing Home Administrators (Board) amends § 39.72 (relating to fees) to read as set forth in Annex A.

**A. Effective Date**

The amendments will be effective upon publication in the Pennsylvania Bulletin.

**B. Statutory Authority**

The amendments are authorized under § 812.1 of the Administrative Code of 1929 (71 P.S. § 279.3a) and § 7.1(a) of the Nursing Home Administrators License Act (act) (63 P.S. §1107.1(a)).

**C. Background and Purpose**

The proposed amendment to § 39.72 (relating to fees) deletes the examination fees for the National Association of Board of Examiners of Long-Term Care Administrators (NAB) examination, the State rules and regulations examination and the combined examination, as these fees are set by the testing organization which develops and administers the examinations, not by the Board. In order to avoid the necessity of amending its regulations whenever the testing organization might change the fees, the Board proposes to delete references to the examination fees. The proposed amendment also corrects two fees relating to continuing education program applications, which were erroneously omitted or reduced by a regulation package concerning continuing education.

**D. Summary of Comments and Responses on Proposed Rulemaking**

Notice of the proposed rulemaking was published at 34 Pa.B. 55 (January 3, 2004). Publication was followed by a 30-day public comment period. The Board did not receive comments from the general public. Following the close of the public comment period, the House Professional Licensure Committee (HPLC) notified the Board that it was taking no formal action on the regulation as proposed, while the Independent Regulatory Review Commission (IRRC) notified the Board that it had no objection, comments or recommendations to offer on the regulation.

**E. Compliance with Executive Order 1996-1, Regulatory Review and Promulgation**

The Board reviewed this rulemaking and considered its purpose and likely impact upon the public and the regulated population under the directives of Executive Order 1996-1, Regulatory Review and Promulgation. The final regulations address a compelling public interest as described in

this preamble and otherwise comply with Executive Order 1996-1.

**F. Fiscal Impact and Paperwork Requirements**

The proposed amendments as to the deletion of examination fees will have no adverse fiscal impact on the Board or its licensees. The proposed amendments as to continuing education fees will have fiscal impact on the Board and its licensees, but only insofar as it will reinstate the proper fees and permit the Board to charge the fees for continuing education approval which it has continuing authority to charge. The proposed amendments will have no adverse fiscal impact on the Commonwealth or its political subdivisions. The amendments will impose no additional paperwork requirements upon the Commonwealth, its political subdivisions or the private sector.

**G. Sunset Date**

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

**H. Regulatory Review**

Under Section 5(a) of the Regulatory Review Act (71 P.S. §745.5(a)), the Board submitted a copy of the notice of proposed rulemaking, published at 34 Pa.B. 55 (January 3, 2004), to IRRC and to the Chairpersons of the HPLC and the Senate Consumer Protection and Professional Licensure Committee (SCP/PLC).

Publication of the notice of proposed rulemaking was followed by a 30-day public comment period during which the Board received no comments from the public, IRRC, HPLC or SCP/PLC.

This final form regulation was (deemed) approved by the HPLC on \_\_\_\_\_, 2004, and the SCP/PLC on \_\_\_\_\_, 2004. IRRC met on \_\_\_\_\_, 2004, and (deemed) approved the regulation in accordance with section 5.1(e) of the Regulatory Review Act.

**I. Contact Person**

Interested persons may obtain information regarding the amendments by writing to Christina Stuckey, Board Administrator, State Board of Examiners of Nursing Home Administrators, Post Office Box 2649, Harrisburg, PA 17105-2649.

**J. Findings**

(1) Public notice of proposed rulemaking was given under Sections 201 and 202 of the Act of July 31, 1968 (P.L. 769, No. 240) (45 P.S. §§1201 and 1202) and the regulations promulgated thereunder at 1 Pa. Code §§7.1 and 7.2.

(2) A public comment period was provided as required by law and all comments were considered.

(3) This final-form rulemaking is necessary and appropriate for administration and enforcement of the authorizing acts identified in Part B of this Preamble.

**K. Order**

The Board, acting under its authorizing statutes, orders that:

(1) The regulations of the Board, 49 Pa. Code Chapter 39, are amended by amending § 39.72 to read as set forth in Annex A.

(2) The Board shall submit this order and Annex A to the Office of General Counsel and to the Office of Attorney General as required by law.

(3) The Board shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(4) This order shall take effect on publication in the Pennsylvania Bulletin.
