Re: Proposed Rulemaking – PA. Department of State
Regulation #16-33

Dear Mr. Nyce:

Members of the Senate State Government Committee have been afforded the opportunity to review and comment upon Proposed Regulations from the Pennsylvania Department of State which would establish a new fee for executing verifications and would increase the fees that notaries are authorized to charge for their services.

Please be advised that, as of this date, I have no comments from the Committee members relative to these proposed regulations.

If you have any questions regarding these proposed regulations and the Committee review, please do not hesitate to contact Cynthia Thurston of my staff at 787-7428.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles D. Lemmond".

CHARLES D. LEMMOND
State Senator
