(8) Briefly explain the regulation in clear and nontechnical language. <p>The purpose of this chapter is to establish rules and procedures to implement bilateral agreements and the International Registration Plan entered into with other jurisdictions for the registration of fleets of vehicles on an apportioned basis as authorized by 75 Pa. C.S. §§ 6142 and 6145 (relating to reciprocity agreements, arrangements and declarations authorized; and proportional registration of fleet vehicles). The purpose of this rulemaking is to extend the terms of the temporary permits issued under this chapter and to update the chapter with the current fees for registration and titling listed in Chapter 19 of the Vehicle Code, 75 Pa. C.S. § 1900 <i>et seq.</i></p>		
(9) State the statutory authority for the regulation and any relevant state or federal court decisions. <p>The statutory authority for this regulation is contained in Sections 7501, 7502, 7503, 7504, 7505, 7506, and 6103 of the Vehicle Code, 75 Pa. C.S. §§ 7501, 7502, 7503, 7504, 7505, 7506, and 6103).</p>		

(10) Is the regulation mandated by any federal or state law or court order, or federal regulation? If yes, cite the specific law, case or regulation, and any deadlines for action.

The amendments to this regulation are not mandated by federal or state law, court order or federal regulation.

(11) Explain the compelling public interest that justifies the regulation. What is the problem it addresses?

The amendments to the regulation are needed to improve customer service in the titling and registration of fleet vehicles. The 30 day term of temporary registration has proved to be too short, requiring subsequent application for extension of the term and unnecessary return of fleet vehicles to the Commonwealth to obtain additional temporary registration. Extension of the term to 60 days is also consistent with the International Registration Plan.

(12) State the public health, safety, environmental or general welfare risks associated with non-regulation.

There are no significant public health, safety or environmental risks associated with non-regulation, except the risk to the general welfare from vehicles potentially operating with expired temporary registrations.

(13) Describe who will benefit from the regulation. (Quantify the benefits as completely as possible and approximate the number of people who will benefit.)

Fleet vehicle owners subject to this chapter will benefit by no longer incurring additional fees for additional extension of temporary registrations. Fleet owners and the Department will benefit from reduced employee hours processing additional extensions.

(14) Describe who will be adversely affected by the regulation. (Quantify the adverse effect as completely as possible and approximate the number of people who will be adversely affected.)

There should be no quantifiable adverse effect from this regulation on any individuals or groups.

(15) List the persons, groups or entities that will be required to comply with the regulation. (Approximate the number of people who will be required to comply.)

Fleet vehicle owners and the 188 agents/contractor locations throughout the Commonwealth authorized to issue temporary registrations will be required to comply with this regulation.

(16) Describe the communications with and input from the public in the development and drafting of the regulation. List the persons and/or groups who were involved, if applicable.

The Department meets bi-annually with the regulated temporary authorization agent community and solicits concerns about many issues including the temporary registration process. The Department also surveys registrants throughout the year to identify concerns. In 2003, a Department consultant conducted an analysis of the apportioned registration system and processes which included surveys and interviews of both agents and customers.

(17) Provide a specific estimate of the costs and/or savings to the regulated community associated with compliance, including any legal, accounting or consulting procedures which may be required.

The aggregate costs and savings to the regulated community cannot be estimated with any precision. The fee remitted to the Department for an extension of a temporary authorization is \$2.00, but temporary authorization agents may add processing fees of \$30.00 or more. Individual fleet owners may thus save significant amounts in no longer having to obtain time extensions. Conversely, this revenue source for the temporary authorizations agents will diminish.

(18) Provide a specific estimate of the costs and/or savings to local governments associated with compliance, including any legal, accounting or consulting procedures which may be required.

There are no quantifiable costs or savings to local governments associated with compliance with the amendments to this regulation.

(19) Provide a specific estimate of the costs and/or savings to state government associated with the implementation of the regulation, including any legal, accounting or consulting procedures which may be required.

There are no quantifiable costs or savings to state government associated with the implementation of the amendments to this regulation. Some employee-hour and paperwork savings are anticipated in the reduction of the number of extension of temporary registrations requested and processed, but this savings cannot be precisely calculated.

(20) In the table below, provide an estimate of the fiscal savings and cost associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

	Current FY Year	FY +1 Year	FY +2 Year	FY +3 Year	FY +4 Year	FY +5 Year

(20a) Explain how the cost estimates listed above were derived.

(20b) Provide the past three year expenditure history for programs affected by the regulation.

Program	FY-3	FY-2	FY-1	Current FY
Appropriation 183	\$ 118,299,000	\$ 118,558,000	\$ 124,925,000	\$127,708,000

(24) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulation.

There are no federal standards relative to the issuance of temporary vehicle registrations.

(25) How does the regulation compare with those of other states? Will the regulation put Pennsylvania at a competitive disadvantage with other states?

The process and term of temporary registration varies among the states. The extension of the temporary registration term from 30 to 60 days does not put Pennsylvania at a competitive disadvantage vis-à-vis other states.

(26) Will the regulation affect existing or proposed regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

This regulation will not affect other existing or proposed regulations of the Department or any other Commonwealth agency.

(27) Will any public hearings or informational meetings be scheduled? Please provide the dates, times, and locations, if available.

No public hearings or information meetings are scheduled at this time. The proposed rulemaking will be published in the *Pennsylvania Bulletin* and public comment will be invited. In addition, through the final rulemaking process, the rulemaking will be subject to consideration at public meeting by the Independent Regulatory Review Commission.

(28) Will the regulation change existing reporting, record keeping, or other paperwork requirements? Describe the changes and attach copies of forms or reports which will be required as a result of implementation, if available.

These amendments to the regulation will not change existing reporting, record keeping or other paperwork requirements.

(29) Please list any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, elderly, small businesses, and farmers.

No special provisions to meet the particular needs of affected groups have been identified and, therefore, none have been developed.

Regulatory Analysis Form

(30) What is the anticipated effective date of the regulation; the date by which compliance with the regulation will be required; and the date by which any required permits, licenses or other approvals must be obtained?

This regulation will become effective upon publication in final form in the *Pennsylvania Bulletin*.

(31) Provide the schedule for continual review of the regulation.

The Department will continue to review this regulation and discuss its application with the regulated community in meetings held several times through the year.

Bureau of Motor Vehicles

Notice of Final Rulemaking

Preamble

The Department of Transportation, Bureau of Motor Vehicles (Bureau), pursuant to the authority contained in Sections 7501, 7502, 7503, 7504, 7505, 7506, and 6103 of the Vehicle Code, Act of June 17, 1976, P.L.162, No. 81, *as amended* (75 Pa. C.S. §§ 7501, 7502, 7503, 7504, 7505, 7506, and 6103), hereby amends title 67 of the Department of Transportation regulations by amending Chapter 63, Proportional Registration of Fleet Vehicles, as set forth in Annex A of this Notice.

Purpose of this Chapter

The purpose of this chapter is to establish rules and procedures to implement bilateral agreements and the International Registration Plan entered into with other jurisdictions for the registration of fleets of vehicles on an apportioned basis as authorized by sections 6142 and 6145 of the Vehicle Code, 75 Pa. C.S. §§ 6142 and 6145 (relating to reciprocity agreements, arrangements and declarations authorized; and proportional registration of fleet vehicles).

Purpose of This Regulation

The purpose of this rulemaking is to extend the term of the temporary permit(s) under this chapter, and to update the chapter with the current fees for registration and titling listed in Chapter 19 of the Pennsylvania Vehicle Code.

Persons and Entities Affected

Extension of the temporary registration period from 30 to 60 days potentially may affect approximately 15,000 apportioned carriers. The additional time will have a positive effect in allowing the Bureau to complete the title and registration work in a more reasonable period. It eliminates the need for carriers to request additional temporary registration because the application has not been processed.

Fiscal Impact

These regulations will not require any additional expenditure by the Bureau or the temporary issuing agents. Apportioned carriers may realize a cost savings by not having to request additional temporary registration.

Regulatory Review

Under Section 5(a) of the Regulatory Review Act (71 P.S. 745.5(a), on September 8, 2004, the Department submitted a copy of the notice of proposed rulemaking, published at 34 Pa.B. 5159 to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House and Senate Transportation Committees for review and comment.

No comments were received from the public, IRRC or the Committees.

Under section 5.1(j.2) of the Regulatory Review Act, on _____, 2006, this final-form regulation was deemed approved by the House and Senate Transportation Committees. Under section 5.1(e) of the Regulatory Review Act, this final-form regulation was deemed approved by IRRC effective _____, 2006, confirmed at meeting of IRRC on _____, 2006.

Sunset Date

The Department of Transportation is not establishing a sunset date for these regulations, as these regulations are needed to administer provisions of the Vehicle Code (75 Pa. C.S. § 101, *et seq.*). The Department of Transportation, however, will continue to closely monitor these regulations for their effectiveness.
