(8) Briefly explain the regulation in clear and nontechnical language. The purpose of these amendments is to allow chiropractors to administer physical examinations for new drivers required under Section 1508(a) of the Vehicle Code, 75 Pa. C.S. § 1508(a).			
(9) State the statutory authority for the regulation and any relevant state or federal court decisions. Authority for these amendments is found in Sections 1504(c), 1508(a), 1508.1 and 6103 of the Vehicle Code, 75 Pa. C.S. §§ 1504(c), 1508(a), 1508.1 and 6103.			
(10) Is the regulation mandated by any federal or state law or court order, or federal regulations? If yes, cite the specific law, case or regulation, and any deadlines for action. These amendments to the regulation are not mandated by any federal or state law or court order or			

federal regulations.

(11) Explain the compelling public interest that justifies the regulation. What is the problem it addresses?

Pennsylvania law requires an applicant for a driver's license to submit to a physical examination. The current provisions of the regulation require that an applicant for a driver's license who has never been licensed in the Commonwealth or another state submit to a physical examination by a licensed physician, a certified registered nurse practitioner or a physician's assistant. Chiropractors are recognized in the healthcare and health insurance industries as portal of care practitioners, that is, primary care providers, permitted to furnish necessary patient care for health maintenance. Chiropractors are also permitted under by federal regulations to conduct the biennial medical examinations for commercial drivers required by Federal Highway Administration Motor Carrier Safety regulations. The addition of chiropractors as provided in this amendment make Department regulations consistent with current health care practices and federal regulations.

(12) State the public health, safety, environmental or general welfare risks associated with non-regulation.

Failure to amend these regulations will continue to prohibit chiropractors from performing the initial physical examination for driver licensing, denying access to recognized health care providers for purposes of complying with required statutory and regulatory provisions.

(13) Describe who will benefit from the regulation. (Quantify the benefits as completely as possible and approximate the number of people who will benefit.)

Individuals who use a chiropractor as their primary care provider will be able to have the examination performed by that provider. Chiropractors will benefit by added recognition as health care professionals. The precise number of individuals or chiropractors who will benefit cannot be determined with any accuracy.

(14) Describe who will be adversely affected by the regulation. (Quantify the adverse effects as completely as possible and approximate the number of people who will be adversely affected.)

There should be no adverse impact on any individuals from these amendments to the regulation.

(15) List the persons, groups or entities that will be required to comply with the regulation. (Approximate the number of people who will be required to comply.)

All applicants for a Pennsylvania driver's license are required to comply with this Chapter. It is not known precisely how many individuals will comply by having the required physical

examination performed by a chiropractor.

(16) Describe the communications with and input from the public in the development and drafting of the regulation. List the persons and/or groups who were involved, if applicable.

These proposed amendments are the result of discussions with the Pennsylvania Chiropractic Association.

(17) Provide a specific estimate of the costs and/or savings to the regulated community associated with compliance, including any legal, accounting or consulting procedures which may be required.

The costs and/or savings to the regulated community resulting from these amendments are marginal and cannot be calculated with any precision.

(18) Provide a specific estimate of the costs and/or savings to local governments associated with compliance, including any legal, accounting or consulting procedures which may be required.

There should be no costs and/or savings to local governments resulting from these amendments to the regulation.

(19) Provide a specific estimate of the costs and/or savings to state government associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required.

There should be no costs and/or savings to state government resulting from these amendments to the regulation.

(20) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

	Current FY Year	FY + 1 Year	FY + 1 Year	FY + 3 Year	FY + 4 Year	FY + 5 Year

(20b) Provide the three year expenditure history for programs affected by the regulation.

Program	FY-3	FY-2	FY-1	Current FY
Appropriation 183	\$ 119,141,000	\$ 118,299,000	\$ 118,558,000	\$126,787,000

(21) Using cost-benefit information provided above, explain how the benefits of the regulation outweigh the adverse effects and costs.

N/A

(22) Describe the nonregulatory alternatives considered and the costs associated with those alternatives. Provide the reasons for their dismissal.

There were no nonregulatory alternatives considered. The addition of chiropractors to the list of health care practitioners who can perform the physical examination could not be effected

without amendment of the regulation.

(23) Describe alternative regulatory schemes and the costs associated with those schemes. Provide the reasons for their dismissal.

No alternative regulatory schemes were considered.

(24) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulation.

There are no applicable federal standards governing the state's licensing of drivers.

(25) How does this regulation compare with those of other states? Will the regulation put Pennsylvania at a competitive disadvantage with other states?

This regulation will not put Pennsylvania at a competitive disadvantage vis a vis other states.

(26) Will the regulation affect existing or proposed regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

These amendments will not affect other Department regulations or the regulations of any other Commonwealth agency.

(27) Will any public hearings or informal meetings be scheduled? Please provide the dates, times and locations, if available.

No public hearings on these amendments are scheduled at this time. Should public comment on these proposed amendments warrant, public hearings may be held.

(28) Will the regulation change existing reporting, record keeping, or other paperwork requirements? Describe the changes and attach copies of forms or reports which will be required as a result of implementation, if available.

These amendments will not change any paperwork requirements.

(29) Please list any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, elderly, small businesses, and farmers.

These amendments are all designed to meet the particular needs of individuals who use a chiropractor as their primary care provider.

(30) What is the anticipated effective date of the regulation; the date by which compliance with the regulation will be required; and the date by which any required permits, licenses or other approvals must be obtained?

These amendments will become effective upon publication in final form in the *Pennsylvania Bulletin*.

(31) Provide the schedule for continual review of the regulation.

These provisions will be reviewed periodically as appropriate by the Department and the Department's Medical Advisory Board.

Title 75. Transportation

Chapter 75. Driver's License Examination

Notice of Proposed Rulemaking

Preamble

Notice is hereby given that the Department of Transportation, pursuant to the authority contained in Sections 1504(c), 1508.1 and 6103 of the Vehicle Code, Act of June 17, 1976, P.L. 162, No. 81, *as amended* (75 Pa.C.S. §§ 1504(c), 1508.1 and 6103), proposes to amend Chapter 75 of the Department of Transportation Regulations, Title 67, by amending §§ 75.2 and 75.6, as set forth in Annex A to this Notice.

Purpose of Chapter

The purpose of Chapter 75 is to define more fully the requirements of 75 Pa. C.S. §§ 1504(c), 1508, 1514(b) and 1607 by listing the specific requirements with regard to each step in the examination process.

Purpose of the Proposed Amendments

The current provisions of Chapter 75 require that an applicant for a driver's license who has never been licensed in the Commonwealth or another state submit to a physical examination by a licensed physician, a certified registered nurse practitioner or a

physician's assistant. The purpose of these amendments is to include chiropractors among the listed healthcare providers who can administer a physical examination for these new driver applicants.

Chiropractors are recognized in the healthcare and health insurance industries as portal of care practitioners, that is, primary care providers, permitted to furnish necessary patient care for health maintenance. Chiropractors are permitted under federal regulations to conduct the biennial medical examinations for commercial drivers required by Federal Highway Administration Motor Carrier Safety regulations. The addition of chiropractors as provided in this amendment make Department regulations consistent with current health care practices and federal regulations.

Persons and Entities Affected

These regulations affect chiropractors as well as individuals desiring to obtain a driver's license whose primary care provider is a chiropractor, or who otherwise desire to have the physical examination required to obtain a driver's license conducted by a chiropractor.

Fiscal Impact

Implementation of these regulations will not require the expenditure of any additional funds by the Commonwealth or local municipalities. These regulations will not impose any additional costs on the medical community and may reduce costs to individuals by allowing applicants for a driver's license to have the required physical examination performed by their primary care provider.

Regulatory Review

Under Section 5(a) of the Regulatory Review Act, the Act of June 25, 1982 (P.L. 633, No. 181), *as amended by* the Act of June 25, 1997(P.L. 242, No. 24), 71 P.S. § 745.5(a), the agency submitted a copy of these proposed regulations on _____ to the Independent Regulatory Review Commission and to the Chairpersons of the House and Senate Transportation Committees. In addition to submitting the regulations, the agency has provided the Commission and the Committees with a copy of a detailed Regulatory Analysis Form. A copy of this material is available to the public upon request.

Under Section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed regulations within 30 days of the close of the public comment period. The comments, recommendations or objections shall specify the regulatory review criteria that have not been met. The Act specifies detailed procedures for review, prior to final publication of the regulation, by the Department, the General Assembly and the Governor of comments recommendation, or objections.

Sunset Date

The Department of Transportation is not establishing a sunset for these regulations, since the regulations are needed to administer provisions required by the Vehicle Code (75 Pa. C.S. 101, *et seq.*). The Department of Transportation, however, will continue to closely monitor these regulations for their effectiveness.

Public Comments

Interested persons are invited to submit written comments, suggestions or objections regarding the proposed rulemaking to Rebecca L. Bickley, Director, Bureau of Driver Licensing, 4th floor, Riverfront Office Center, 1101 S. Front Street, Harrisburg, Pennsylvania 17104, within 30 days of publication of this notice in the *Pennsylvania Bulletin*.

Contact Person

The contact person for this regulation is Anne P. Titler, Acting Manager, Driver Safety Division, Bureau of Driver Licensing, 4th Floor, Riverfront Office Center, 1101 S. Front Street, Harrisburg, Pennsylvania 17104, telephone number: (717) 783-4737.

ARTICLE IV. LICENSING
CHAPTER 75. DRIVER'S LICENSE EXAMINATION

§ 75.2. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Chiropractor—A practitioner of chiropractic licensed in this Commonwealth under the Chiropractic Practice Act, Act of December 16, 1986, P.L. 1646, as amended, 63 P.S. § 625.101 et seq. and the provisions of 49 Pa. Code, Chapter 5.

§ 75.6. Physical examination.

An applicant for a driver's license, who has never been issued a driver's license in this Commonwealth or another state, shall submit to a physical examination performed by a licensed physician, [or] a CRNP, [or] a physician assistant or a chiropractor. The licensed physician, [or] CRNP, [or] physician assistant or chiropractor performing the examination shall report the findings of the physical examination to the Department on a physical examination certificate or form provided by the Department. The Department

may request that the report be submitted on a special certificate relating to the alleged mental or physical disability of the applicant or licensee.
