Thank you for contacting us regarding the proposed fee increases outlined in this bulletin. While we are not completely in support of a fee increase, we have been provided with information which to some extent supports an increase. The proposed increase is less than was originally suggested and we believe it is fairly reasonable. Therefore, we are also not completely opposed.

I apologize for sounding on the fence on this one; but, we would prefer not to have an increase but if one is necessary then we prefer it to be a reasonable amount.
