## Regulatory Analysis Form

(10) Is the regulation mandated by any federal or state law or court order, or federal regulation? If yes, cite the specific law, case or regulation, and any deadlines for action.

No.

(11) Explain the compelling public interest that justifies the regulation. What is the problem it addresses?

**The fees for the examinations are established by the National examiners and communicated directly to the applicants. Applicants for these exams pay the examination fees directly to National examiners. Thus, it is unnecessary and impractical for the Board to continue to publish the National examiners' examination fees in the Board's regulations.**

(12) State the public health, safety, environmental or general welfare risks associated with nonregulation.

**Non-regulation would require the Board to be the medium between licensees and the National examiners for notification of examination fees.**

(13) Describe who will benefit from the regulation. (Quantify the benefits as completely as possible and approximate the number of people who will benefit.)

**The Board will benefit from the regulation by eliminating unnecessary regulations specifying examination fees where the candidate is notified of these fees directly by the National examiner.**

## Regulatory Analysis Form

(14) Describe who will be adversely affected by the regulation. (Quantify the adverse effects as completely as possible and approximate the number of people who will be adversely affected.)

**No person would be adversely affected.**

(15) List the persons, groups or entities that will be required to comply with the regulation. (Approximate the number of people who will be required to comply.)

**Deleting examination fees from the Board's regulations would not affect any group since candidates for licensure would still be required to pay the fee but would pay the fee directly to the National examiner rather than through the Board.**

(16) Describe the communications with and input from the public in the development and drafting of the regulation. List the persons and/or groups who were involved, if applicable.

**Notice of proposed rulemaking was published at 35 Pa.B. 2639 (April 30, 2005). Publication was followed by a 30-day public comment period during which the Board received no comments. Following the close of the public comment period, the Board did not receive any comments from the House Professional Licensure Committee, the Senate Consumer Protection and Professional Licensure Committee, or the Independent Regulatory Review Commission.**

(17) Provide a specific estimate of the costs and/or savings to the regulated community associated with compliance, including any legal, accounting or consulting procedures which may be required.

**There will be no costs and/or savings to the regulated community.**

## Regulatory Analysis Form

(18) Provide a specific estimate of the costs and/or savings to local governments associated with compliance, including any legal, accounting or consulting procedures which may be required.

**The regulation will not result in costs and/or savings to local government.**

(19) Provide a specific estimate of the costs and/or savings to state government associated with the implementation of the regulation, including any legal, accounting, or consulting procedures which may be required.

**The regulation will not impose any costs and/or savings on state government.**

## Regulatory Analysis Form

(20) In the table below, provide an estimate of the fiscal savings and costs associated with implementation and compliance for the regulated community, local government, and state government for the current year and five subsequent years.

	Current FY Year	FY +1 Year	FY +2 Year	FY +3 Year	FY +4 Year	FY +5 Year
<b>SAVINGS:</b>	N/A	N/A	N/A	N/A	N/A	N/A

<b>REVENUE LOSSES:</b>	N/A	N/A	N/A	N/A	N/A	N/A
Regulated community						
Local Government						
State Government						
Total Revenue Losses						

(20a) Explain how the cost estimates listed above were derived.

N/A

## Regulatory Analysis Form

(20b) Provide the past three year expenditure history for programs affected by the regulation.

Program	FY -3	FY -2	FY -1	Current FY
<b>State Board of Osteopathic Medicine</b>	<b>\$405,527.84</b>	<b>\$457,338.63</b>	<b>\$503,718.72</b>	<b>\$1,172,000.00</b>

(21) Using the cost-benefit information provided above, explain how the benefits of the regulation outweigh the adverse effects and costs.

N/A

(22) Describe the nonregulatory alternatives considered and the costs associated with those alternatives. Provide the reasons for their dismissal.

**Nonregulatory alternatives were not considered since the only way to delete a regulation is by regulatory means.**

(23) Describe alternative regulatory schemes considered and the costs associated with those schemes. Provide the reasons for their dismissal.

N/A

## Regulatory Analysis Form

(24) Are there any provisions that are more stringent than federal standards? If yes, identify the specific provisions and the compelling Pennsylvania interest that demands stronger regulation.

N/A

(25) How does this regulation compare with those of other states? Will the regulation put Pennsylvania at a competitive disadvantage with other states?

**The regulation does not put Pennsylvania at a competitive disadvantage with other states. Candidates for licensure in other states that utilize a National examination pay the fees directly to the National examination without the requirement that the Board publish a schedule of those fees.**

(26) Will the regulation affect existing or proposed regulations of the promulgating agency or other state agencies? If yes, explain and provide specific citations.

No.

(27) Will any public hearings or informational meetings be scheduled? Please provide the dates, times, and locations, if available.

No.

## Regulatory Analysis Form

(28) Will the regulation change existing reporting, record keeping, or other paperwork requirements? Describe the changes and attach copies of forms or reports which will be required as a result of implementation, if available.

**No.**

(29) Please list any special provisions which have been developed to meet the particular needs of affected groups or persons including, but not limited to, minorities, elderly, small businesses, and farmers.

**This regulation applies to all candidates for licensure by examination. The Board has perceived no special needs of any subset or group which should be excepted.**

(30) What is the anticipated effective date of the regulation; the date by which compliance with the regulation will be required; and the date by which any required permits, licenses or other approvals must be obtained?

**The regulation will be effective upon publication of an order of Final Rulemaking in the Pennsylvania Bulletin. Compliance will be required as of that date.**

(31) Provide the schedule for continual review of the regulation.

**The Board continuously reviews its regulations, periodically communicates with licensees through newsletters and obtains information and feedback from its licensees on a frequent basis.**

## STATE BOARD OF OSTEOPATHIC MEDICINE

### [49 PA. CODE CH. 25]

#### Deletion of Exam Fees

The State Board of Osteopathic Medicine (Board) proposes to amend §§ 25.223 and 25.231 (relating to applications for examination; and schedule of fees) by deleting references to examination applications and examination fees to read as set forth in Annex A.

#### A. *Effective Date*

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

#### B. *Statutory Authority*

The proposed rulemaking is authorized under section 13.1 of the Osteopathic Medical Practice Act (act) (63 P. S. § 271.13a).

#### C. *Background and Purpose*

The Board is proposing to eliminate references to Nationally established examination fees over which the Board has no control or involvement. The General Assembly has indicated its preference for the recognition of National uniform examinations and grading services in accordance with section 812.1 of The Administrative Code of 1929 (71 P. S. § 279.3a). Over the past several years, National uniform examinations have been developed for every category of license the Board issues. The fees for the examinations are established by the National examiners and are subject to being changed periodically by the National examiner. Thus, it is unnecessary and impractical for the Board to continue to publish the National examiners' examination fees in the Board's regulations. Because examination fees are no longer established by

the Board, section 13.1 of the act is inapplicable as to National uniform examinations. Thus, the Board is eliminating reference to these examination fees. Also, the Board is proposing to eliminate the reference to the osteopathic diagnosis and manipulative therapy examination fee. This examination is administered by Professional Credential Services (PES) and the applicant for this examination pays the examination fee directly to PES.

In addition, the Board is taking this opportunity to delete references in § 25.223(b) to specific dates for the administration of examinations and related deadlines for submission of examination applications because the examinations are now computer-based, rather than written, and therefore are administered regularly as scheduled by the applicant.

#### D. *Fiscal Impact and Paperwork Requirements*

The proposed rulemaking would have no adverse fiscal impact on the Commonwealth or its political subdivisions or members of the private sector who apply for examinations. The proposed rulemaking will impose no additional paperwork requirements upon the Commonwealth, political subdivisions or the private sector.

#### E. *Sunset Date*

The Board continuously monitors its regulations. Therefore, no sunset date has been assigned.

#### F. *Regulatory Review*

Under section 5(a) of the Regulatory Review Act (71 P. S. § 745.5(a)), on April 20, 2005, the Board submitted a copy of this proposed rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee and the House Professional Licensure Committee. A copy of this material is available to the public upon request.

Under section 5(g) of the Regulatory Review Act, IRRC may convey any comments, recommendations or objections to the proposed rulemaking within 30 days of the close of the public comment period. The comments, recommendations or objections must specify the regulatory review criteria which have not been met. The Regulatory Review Act specifies detailed procedures for review, prior to final publication of the rulemaking, by the Board, the General Assembly and the Governor of comments, recommendations or objections raised.

*G. Public Comment*

Interested persons are invited to submit written comments, recommendations or objections regarding this proposed rulemaking to Beth Sender Michlovitz, Counsel, State Board of Osteopathic Medicine, P.O. Box 2649, Harrisburg, PA 17105-2649 within 30 days following publication of this proposed rulemaking in the *Pennsylvania Bulletin*.

**STATE BOARD OF SOCIAL WORKERS, MARRIAGE AND FAMILY THERAPISTS AND PROFESSIONAL COUNSELORS**

**[49 PA. CODE CHS. 47—49] Continuing Education**

The State Board of Social Workers, Marriage and Family Therapists and Professional Counselors (Board) proposes to amend §§ 47.32—47.37 and 47.41 and add §§ 48.31—48.42 and 49.31—49.42 (relating to continuing education) to read as set forth in Annex A.

*Effective Date*

The proposed rulemaking will be effective upon final-form publication in the *Pennsylvania Bulletin*.

*Statutory Authority*

Under section 18(a) of the Social Workers, Marriage and Family Therapists and Professional Counselors Act (act) (63 P.S. § 1918(a)), the Board is authorized to require evidence of continuing education as a condition of license renewal.

*Background and Purpose*

With the enactment of the act of December 21, 1998 (P.L. 1017, No. 136), the Board now licenses marriage and family therapists, clinical social workers and professional counselors along with social workers. The Board's current regulations provide for continuing education of social workers only. The proposed rulemaking will amend the provisions pertaining to continuing education for social workers in Chapter 47 to extend the continuing education requirement to clinical social workers and add similar provisions in Chapters 48 and 49, which will include continuing education requirements for marriage and family therapists and professional counselors respectively. This proposed rulemaking will require 30 clock hours of continuing education as a condition of biennial renewal of a license beginning with the renewals in 2007.

*Description of Proposed Rulemaking*

The proposed rulemaking would amend §§ 47.32—47.37 and 47.41. These sections currently contain the continuing education requirements for licensed social workers. These sections would be amended to extend the continuing education requirements to clinical social workers. In addition, 3 of the 30 hours of continuing education would be required to be completed in topics related to ethical issues. The Board also proposes to add §§ 48.31—48.42 to include continuing education requirements for

49 PA. CODE, CHAPTER 25  
DELETION OF EXAM FEES

The State Board of Osteopathic Medicine (Board) amends §§25.223 and 25.231 (relating to applications for examination; and schedule of fees) by deleting references to examination applications and examination fees, to read as set forth in Annex A.

B. Statutory Authority

The rulemaking is authorized under section 13.1 of the Osteopathic Medical Practice Act (act) (63 P.S. §271.13a).

C. Background and Purpose

The Board is eliminating references to Nationally established examination fees over which the Board has no control or involvement. The fees for examinations are established by the National examiners and are subject to being changed periodically by the National examiner. Thus, it is unnecessary and impractical for the Board to continue to publish the National examiners' examination fees in the Board's regulations. Also, the Board is eliminating the reference to the osteopathic diagnosis and manipulative therapy (OMT) examination fee. This examination is administered by Professional Credential Services (PES) and the applicant for this examination pays the examination fee directly to PES.

The Board is also deleting references in §25.223(b) to specific dates for the administration of examinations and related deadlines for submission of examination applications because the examinations are now computer-based, rather than written, and therefore are administered regularly as scheduled by the applicant.
