Beth,

I have reviewed your question. Because this is the 30-day comment period on this proposed rulemaking, it is more appropriate for your question to be addressed to Syndi Guido in the Policy Office for response. She will respond to you directly.

I saw the Proposed Rulemaking listed in the PA Bulletin for MPOETC and had a question dealing with the 203.37 - Minimum standards for school directors - this would apply to only school directors appointed after the proposed rule change - i.e. school directors in place now are "grandfathered" in? I believe this is what Major Mooney stated in a meeting I attended some time ago, but I wanted to make sure.
