Pennsylvania State Board of Medicine
P.O. Box, 2649

Dear Dr. Hummer,

The health care provided by PA's is of the highest quality any society could have. Having the MD supervising their services is a great asset to the delivery of exceptional, expedient care. By removing the barriers currently in place, the system can only be made better.

I am therefore asking for your support of the proposed changes to the Pennsylvania Code Title 49, Chapter 18, relating to physician assistants. As a consumer of health care, and having been treated by PA's I can confidently state that the changes sought WILL help all of us.

Please, make these changes. They are very much needed.

Sincerely,

Robert Kopashy
