Dear Dr. Hummer:

My name is Robert Glorioso and I am a physician in primary, solo practice in York, Pennsylvania. I supervise David Gann PA-C and Gretchen Chronister PA-C, who both work in my practice. I am writing in support of the proposed changes to Pennsylvania Code Title 49, Chapter 18, regarding physician assistants. These changes would update the regulations of PA's, and enable my physician assistants and me to more effectively care for our patients.

The regulations have already been approved by the medical board, and are now facing review. The regulations seem to be sound, moderate, and appropriate. They will allow me to safely and effectively supervise my physician assistants and help us all provide quality care to our patients.

I urge you and the state board to please approve these changes. Thank you.

Sincerely,

Robert C. Glorioso MD
