RE: Pennsylvania Clean Vehicles Program

I support the implementation of the PA Clean Vehicles Program and bringing cleaner cars to Pennsylvani  
This program would help curb smog and global climate change pollution which poses public health and  
environmental threats to our citizens. PA has some of the worst air quality in the country and this progr  
is an excellent first step in moving us towards a cleaner and safer place to live.

**We all win with cleaner vehicles.**

I support the proposed amendments to the rules governing the Pennsylvania Clean Vehicles Program, and I support full implementation of this program, as recommended by the Pennsylvania Department of Environmental Protection. This program will help make Pennsylvania a cleaner and healthier place to live and work by improving our air quality, economic competitiveness and consumer choice.
