

PA Clean Vehicles Program

We, the undersigned residents of Pennsylvania support the immediate implementation of the proposed PA Clean Vehicles Program. The state of Pennsylvania ranks at the low end in air quality and we deserve and demand much better.

Dear members of the Environmental Quality Board:

Pennsylvania must clean up our air and protect public health. Please support the DEP's proposed changes to the PA Clean Vehicle Program.

Clean air is a necessity for PA citizens.

The health care cost savings would

outweigh the costs of improving cars.

Global warming is a fact we must act

Sincerely, now to slow this down.
