Subject: Support for Reg. #14-506 Changes

IRRC:

I am the Early Intervention Coordinator of a million dollar non-profit in central PA. We serve a mix of low income and upper middle class children and families. These families rely on our status as a licensed early learning program for the health and safety of their children. I am in support of the the final form regulations for Chapters 3270, 3280, 3290, and 3300, Child Care Facilities. The proposed changes in the child care regulations will improve services to children and families and raise the standards for child care programs. Thank you for the opportunity to share my views.
