Subject: Regulation 14-506

Jennifer,

At a recent meeting of the directors of Childspace Center we discussed the upcoming proposed changes to the DPW regulations. Below are the comments that we wanted to share with you.

Assistance with Medication and Diet. We had no problem when worded at must attempt to make reasonable accommodations.

Program plan requirements expanded. Is a good idea, but we feel centers may need additional funds to implement.

Play equipment. We agree that play equipment should meet US CPCS standards. But the safety surfacing materials are extremely expensive and feel centers will need financial assistance to cover the cost.

Product recall. We agree that centers should not be using materials that have been recalled for safety reasons. But would like the state to send out the list of recalled materials to the centers.

The other proposed changes we agreed with and had no comments to pass on.

Thank you for allowing us to give you our feedback.

Mindy Barbakoff
 Director
 Childspace Too Day Care Center
