Subject: Proposed Child Care Regulations 14-506

**Hi , My name is Mrs. Welles and I do childcare in my home .
There are two proposed regs. that I am not encouraging to be passed.**

1. Special Needs Children

I and my staff feel as though that all children should not be observed if there isn't any problems with the child . Staffing is low in some childcare facilities.

2. No Restraint

We need more clarification on this statement . What ages are you talking about? If this gets passed then manufactures shouldn't be making car seats, seat belts or furniture with straps to them.
