127.29 It would seem that the goal should be to keep employees treating in the State of PA a penalty for treating with an out-of-state provider seems appropriate. This is true for any other type of insurance.

127.258 is not clear needs clarification. Intervene how. It would seem that the rules that are applied to the original fee review should be honored by the hearing officer and the dispute should only relate to the repricing question. TQ
