Mary Bender, Director, Bureau of Dog Law Enforcement  
2301 N. Cameron St., Room 102  
Harrisburg, Pa. 17110

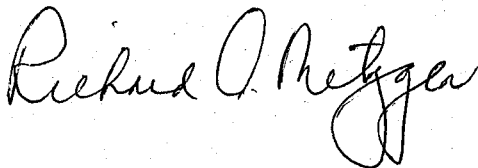

Dear Ms. Bender:

I am writing to comment on the proposed changes to the Pennsylvania Dog Law Regulations. I believe that changes to the Regulations are needed to address unethical and inhumane kennel conditions and provide the dogs housed there with a better overall quality of life.

I support changes to the Regulations which provide definitive and measurable guidelines and which increase the quality of a dog's existence while confined to a kennel environment.

Sincerely,

Richard Metzger
