Dear Mary Bender:

Please add my letter to notes against the puppy mills in Pa. All they do is see dollar signs and not ~~to~~ the well being of a creature that has feelings. The conditions of the animals is unreal. I can't believe this state let this go on for as long as it has.

Please have the bill passed soon so our dogs can live and be loved with nothing but kindness & love.

Thank you for your time.

Dabbie Traynor
